Tigers Open Cage Season With 62-41 Win Over FH

Circleville's Tigers opened their basketball season with a boom last night to down host Franklin Heights, 62-41.

The outcome was never in doubt after the Tigers grabbed a 13-4 lead at the end of the first quarter and rolled to a 27-12 margin at halftime.

Coach Dick Snouffer's force rambled to a 46-20 advantage as

the third period ended, then played it with ease in the final canto with replacements doing most of the work.

The Tigers floored a solid defense to hold the host Falcons to only one field goal in the first half, this coming with about 50 seconds left in the second quarter.

PLAYING it cautious, the steady Tigers zipped to a 6-0 lead before Franklin Heights finally connected on a foulshot. The locals then scored seven more points before the hosts cracked the ice with two more foul tosses.

The Tigers showed a fairly even scoring balance with Center Larry Hannans opening the gate for 17 points. Linden (Hoot) Gibson, playing his first game as a HS varsity man, was a pleasant surprise as he connected for 13 markers.

Jake Bailey, displaying his usual aggressive floor play, found the range for nine points. Rebounding specialist Bob Shadley zeroed in for eight.

Sophomore Sam Weller, starting his first varsity game, came through with six points and added some important rebounding. Jim Tootle came off the bench in the last quarter to get seven quick tallies by hitting two of his four shots from the field.

Dave Hicks, used as the sixth man last night, displayed some excellent ballhandling and passed off well. He didn't try any shots from the field, but made one of two charity throws. Sophomore Dick

Kline made one of two shots from the field.

Hannans kicked the lid off the season for the Tigers by dunking one from underneath a few seconds after the tipoff to give the locals a 2-0 lead. Bailey then drove in for two more and Hannans netted two fouls to increase the lead to 6-0.

WITH the quarter half gone, Jerry Martin put the outgunned Falcons in the scoring column with a foul toss.

Hannans then fired for two buckets, Gibson swished a one hander and Bailey connected on a foul to run the count to 13-1.

Gibson opened the second quarter with two rapid buckets, Hannans and Shadley added two each from close in and Bailey hit on a long one. Bob Bapst then chalked the Falcons' first fielder, but not until the Tigers had taken a commanding 27-12 advantage.

With Hannans, Shadley, Weller, Gibson and Bailey all hitting regularly, the Tigers pushed the score to 40-20 about midway in the third frame. From then on it was a matter of time before the locals chalked their opening win and first South Central Ohio League encounter.

Bapst, hitting mostly from under the hoop, paced Franklin Heights with 16 points. Martin aided the cause with 13 and Larry Levering contributed nine.

Ike, Italy Chief Discuss Summit Parley Prospects

U.S. To Offer Steel Peace Plan

WASHINGTON (AP) — Government mediators promised to offer some steel settlement proposals today at the first face-to-face meeting of industry and union negotiators held since Tuesday.

Director Joseph F. Finnegan of the Federal Mediation and Conciliation Service said in advance "We'll have some suggestions." He did not spell them out, but said his team of mediators has

been broaching peace plans to both sides right along anyway.

Finnegan explained that separate talks he has presided over daily since last Tuesday with the industry and then the Steelworkers Union have been exploratory and "routine mediation."

He said he has been trying to reconcile conflicting cost estimates with "the slide rule boys"—or the technicians on such matters as insurance and pensions.

There seemed to be little ground to be optimistic for a prompt settlement as called for Thursday night by President Eisenhower. The President said the public simply won't stand much longer for continued labor-management warfare in the steel industry.

Vice President Richard M. Nixon and Secretary of Labor James P. Mitchell discussed the strike situation Friday. Neither indicated that any definite course of action was mapped.

Mitchell said he is hopeful the strike will be settled before expiration of the court-ordered cooling-off period.

Renewal of the 116-day strike is threatened when the Taft-Hartley injunction expires on Jan. 26.

R. Conrad Cooper, top industry negotiator, estimated that union terms are nearly double what the industry is willing to settle for. The union demands, said Cooper, U. S. Steel Corp.'s executive vice president, would touch off a new round of inflation.

David J. McDonald, Steelworkers president, said he would be on hand for today's industry-union session. But he hinted he probably will let subordinates represent the union at some future sessions that look routine.

Brazil Revolt Snuffed Out Second Time

RIO DE JANEIRO, Brazil (AP) — Snuffed out the second revolt against his regime.

About 25 rebel Brazilian air force and army officers have been scattered since seizing five planes early Thursday. At least two officers fled to Argentina in a hijacked airliner and were given asylum. Several others were captured and the rest headed deep into the jungles of northwest Brazil.

"I consider the incident closed," Kubitschek said Friday, declaring that "events like these never will be repeated in our country."

The midjet revolt aroused no popular support and even anti-government politicians and newspapers rallied around Kubitschek.

Several of the ringleaders were involved in a similar abortive revolt in 1956 which was crushed in 18 days. Kubitschek showed leniency and granted pardons to the officers then.

In the latest propaganda protest the officers charged the Kubitschek government with being corrupt and Communist-tainted. They flew the stolen planes to the small jungle town of Aragarças, 1,100 miles northwest of here, and sought to rally support.

Government paratrooper took over the town and its airstrip early Friday, shortly after the rebels pulled out.

Kidnaper-Rapist Gets Life Term

WISCASSET, Maine (AP) — Woodcutter Rodney A. Austin, 44, Newcastle, was sentenced to life imprisonment Friday night for the kidnap-rape of a 14-year-old baby sitter, Sharon Simmons.

A jury of seven men and five women convicted Austin on eight counts of abduction, rape, illegal transportation of a minor, defiling and carnal knowledge and of being a second offender. The jury found him innocent on one count of rape.

The ex-convict listened stoically to the verdict returned by the Lincoln County Superior Court jury after nearly seven hours of deliberation.

Austin's wife sat staring at the floor, crying quietly as the sentence was read.

U.S. President To Strive for 'Better Life'

Rome Government's Views Outlined to Visiting American

ROME (AP) — President Eisenhower discussed Western summit prospects today with Italy's Premier after pledging to strive for "a better life" for his grandchildren than he had himself.

Eisenhower, in a jovial mood despite Rome's continuing rain, met with Prime Minister Antonio Segni to review decisions expected at the Paris Western summit talks Dec. 19.

The conference with Segni, Eisenhower's second since arriving in Rome Friday, lasted nearly two hours at the Premier's office and ended just before lunch time.

White House press secretary James C. Hagerty told newsmen that Segni and Italian Foreign Minister Giuseppe Pella outlined their views on the forthcoming Paris meeting. He also reported that the Italians gave their views of European problems generally.

Answering questions, Hagerty said the Italian government did not request a role as an observer at the Paris meeting which is to bring together Eisenhower and the leaders of Britain, France and West Germany.

Earlier, the President had made his pledge to seek a better life for his grandchildren in a short talk at the U.S. Embassy.

Standing in the gold and gilt office of U.S. Ambassador James D. Zellerbach, the President told his audience "I do know the United States is not always admired."

Then with a quiver of emotion he added that his aim is to assure people everywhere the United States goal is just peace for all.

"I am going to try to interpret America to other peoples a little bit more emphatically, a little bit more accurately than has been done," the President said.

"I get a very great lift when I have a chance to do this kind of thing myself."

"Since I have four grandchildren myself, I am much concerned that they should have a better life than I had."

Eisenhower promised to try to make sure that United States motives are not misunderstood. And he gave the impression that this was what his current historic-making tour is all about.

Dickie, Age 9, Gets Special Note

MANHASSET, N.Y. (AP) — Dickie Van Noldie, 9, received a very special letter Friday.

"I heard," it said, "you had some trouble with a bus and landed in a hospital. Here's hoping you get well soon and have a fine and merry Christmas. Good luck."

Dickie did have some trouble with a bus. His leg was broken in an accident two months ago, and he won't be out of the hospital for some time.

His dad, Associated Press photographer Hans Van Noldie, attended a White House press reception earlier this week. He mentioned Dickie's plight to President Eisenhower.

The letter was from the President.

Monkey Sam Doing OK after Ride in Rocket

'Little Joe' Missile Takes Passenger Out 55 Miles into Space

WASHINGTON (AP)—Sam the space monkey, alive and kicking after a violent rocket ride 55 miles up, arrives today at Norfolk, Va.

There he'll set his feet on terra firma again for the first time since 11:15 a.m. Friday, when a "Little Joe" rocket shot him aloft from Wallops Island, Va.

This was Sam's dizzying odyssey from that point:

His space capsule, the kind future space men will ride in their first attempts to orbit the earth, roared to a height of 19 miles.

There an escape rocket ignited, blasted loose from the main booster rocket and carried the capsule on up to a height of 55 miles... Testing this escape mechanism, a key safety device for future astronauts, was the main purpose of Sam's journey. It worked perfectly.

For a few seconds the seven-pound monkey, on his firm cushioned cradle, was traveling 3,600 miles an hour. The pressure and strain was enormous compared to sea level conditions.

Then Sam tumbled earthward in the capsule. At 20,000 feet a small parachute blossomed and steadied the vehicle. At 10,000 feet the main parachute mushroomed and lowered the capsule into the Atlantic 200 miles east of Wallops Island. It had taken just 13 minutes from takeoff.

A radio beacon and a dye marker guided a Navy destroyer, the Borie, to the spot where the capsule bobbed and tossed in eight foot waves. The capsule was hauled a board in about two hours. But Sam still was imprisoned, and the destroyer crew was reluctant to let him out for fear of damaging delicate instruments. Sam had a 40-hour supply of oxygen.

For a time the destroyer tried to transfer the one-ton capsule to a nearby Navy Landing Ship Dock the Ft. Mandan, which had a veterinarian aboard. But the seas were running too high.

Finally, with the vet giving advice by radio and with further instructions from Wallops Island, the destroyer officers removed the monkey from the capsule. This was six hours after the launching.

"Alive and kicking," came the word from the National Aeronautics and Space Administration, which conducted the experiment.

Sam spent the night in the destroyer's sick bay, as he steamed toward Norfolk. For supper he got half an apple, half an orange and a cup of water. He ate and drank eagerly.

Big Treat Ahead For Local Kiddies

There is a big treat in store for every youngster of this community.

It is a brand new Christmas story which will appear for 15 days in this newspaper starting Monday.

The story is entitled "Santa and the Ice King," by Lucretia Huggins Beale. It tells of a new adventure for Santa Claus and an Eskimo boy named Onik who lived in an igloo near the North Pole. Then there are some exciting characters as crooked-legged Tweedledees, the dwarf; Keotuk, a dog; and big polar bear that carried Onik away by the seat of his pants; the Sun Daughter—and finally the Ice Queen.

New Evidence Is Detailed To Link Cancer, Cigarettes

DALLAS, Tex. (AP)—There was fresh fuel today for a dispute between medical and tobacco industry researchers over what constitutes a link between lung cancer and cigarette smoking.

New anatomical evidence shows a direct relation between abnormal tissue changes which precede cancer, as well as lung cancer itself, and the number of cigarettes smoked, a scientist told the American Medical Assn. Friday.

His report drew immediate fire from the Tobacco Research Committee. Its spokesmen declared that numerous other experts do not agree with the finding.

Dr. Oscar Auerbach, chief of laboratory service at the Veterans Administration Hospital in East Orange, N.J., made these points in a report to an AMA clinical gathering:

Studies of 17,597 lung tissue samples from 402 men who died in VA hospital "seem to us to indicate that cigarette smoking is today a major factor in the causation of lung cancer."

Sixty-three of the deaths resulted from lung cancer. All 63 men smoked tobacco, and 60 used cigarettes.

Of the 339 patients dying from other causes, 238 had smoked half

a pack or more cigarettes a day. Lung tissue from this group showed cell changes which "probably represent a change toward cancer."

Few changes appeared in lung cells of 55 who smoked little or none.

Auerbach, who also is an associate professor at New York Medical College, drew a conclusion that lung cancer and conditions leading to it "depend almost completely on the number of cigarettes smoked."

He added that this opinion agrees fully with previous evidence based on extensive statistical studies.

Those who worked with Dr. Auerbach included Dr. Arthur Purdy Stout of Columbia University and Dr. E. Cuyler Hammond of the American Cancer Society.

Taking issue with Auerbach and his staff was Dr. Robert C. Hockett of the Tobacco Research Committee, which has an exhibit at the AMA meeting here.

"These same observations, first publicized by Dr. Auerbach in 1956, have not since been accepted by many other pathologists doing the same type of work and frequently studying many more lungs," Hockett asserted.

This Jolly Old Santa Claus Puts Finger on Dope Peddlers

NEW YORK (AP) — Santa Claus has his eye on bad boys and girls, and he isn't waiting for Christmas Eve to leave sticks and stones in their stockings.

Already Santa has helped arrest 24 narcotics suspects.

A rather tired and frowny Santa stood on Harlem street corners the past two weeks clanging his bell and singing "Rudolph the Red-Nosed Reindeer."

In his pockets, he carried lollipops. In his hand, he rattled a container for coins. In his head, he carried a photo and data file on drug traffickers.

Always near Santa were his helpers — two down-and-out loafers. When Santa spotted a familiar face in the crowd, he would shift his bell from one hand to the other. The loafers would saunter over, discreetly separate the face from the crowd, and search him.

Sometimes they found that the suspect's holiday cheer stemmed from the dope in his pocket — in which case the suspect was told the facts of life: This was not the real Santa Claus at all but just a play-like Santa, namely narcotics squad detective Edward Egan. The helpers were detectives Richard Pardo and Salvatore Grosso.

Friday, as Pardo and Grosso closed in on Kathleen Johnson, 27, the woman dropped 10 envelopes each containing enough heroin for one injection. Pardo and Grosso pretended to overlook the envelopes, but Santa Claus Egan shuffled over and absent-mindedly picked them up.

At a police station, the woman demanded: "What are you pulling me in for? You haven't got any evidence!"

"Wait 'til Santy comes," replied Pardo.

In another incident, what appeared to be a Harlem housewife coyly dropped a coin in Santa Egan's cup and held out her hand for a lollipop. Egan shifted his clattering bell and his helpers moved in.

The housewife turned out to be something of a masquerader, too, not a housewife at all but rather Fred (Beaut) Cotton, 35, in woman's attire complete with lady's shoes and girdle. Grosso and Pardo said they found 30 packets of heroin on him.

Solon Chides Federal Actions on Tobacco

WASHINGTON (AP)—Sen Stephen M. Young (D-Ohio) asked today why the government supports the price of tobacco on the one hand and warns against smoking on the other.

Young, a member of the Senate Agriculture Committee, said the government spent nearly two million dollars on its tobacco program last year.

"At the same time, the nation's Public Health Service warns to stop smoking for fear of lung cancer," Young said.

Incentive Bonuses To Average \$4,700

CLEVELAND (AP) — Lincoln Electric Co. Friday paid out a total of \$6,488,167 in incentive pay checks to its 1,371 employees here and in 38 district offices throughout the country. That averages more than \$4,700 per employee. The company has been giving the incentive bonuses since 1934 and has paid out a total of almost 94 million dollars in that period.

Life Sentence Due Drag Racer

Speeding Auto Kills Trio near Canton

CANTON, Ohio (AP)—Because of his part in an auto drag race which killed three persons, 26-year-old Ellis Patterson Jr., faces a life sentence for second-degree murder. The judge said it was the first murder conviction in Ohio resulting from a traffic fatality.

A Common Pleas Court jury of seven men and five women deliberated 2 hours and 37 minutes Friday before returning a verdict of guilty against the father of three children. The defendant will be eligible for parole in 10 years under the life sentence.

Judge George N. Graham deferred sentencing pending filing of a motion for a new trial by defense lawyers.

In charging the jury, the judge said that "this was not a traffic case" and "ordinarily the automobile is not a deadly weapon."

He added: "It is a deadly weapon if it is intentionally used in such a way that the natural and probable consequences are to cause death."

Patterson and James Bradley Jr., 23, also of Canton, were drivers engaged in a drag race Sept. 12 when they crashed into a car driven by William Serena, 33, according to police. Serena's wife, Nancy, 32, their son, Ricky, 8, and Serena's father, Rocco, 60, were killed in the collision. William Serena is paralyzed as a result of injuries suffered in the crash.

The judge said the jury should find Patterson guilty if it found "that the defendant engaged in a contest of speed with an awareness of the probability that it would cause death of someone other than himself."

Prosecutor Norman J. Putnam asked the jurors in his closing argument to return a verdict "that will ring throughout the nation, for this is not a traffic accident case, it is murder and murder of the worst kind."

Ike Is Having 'Wonderful' Time in Rome

ROME (AP)—President Eisenhower had a truly wonderful time.

That's the way the President himself put it in expressing thanks to his hosts, Italy's President and Mrs. Giovanni Gronchi, after dinner and a reception in his honor Friday night at the 400-year-old Quirinal Palace.

It was a swanky affair which brought out the high society of the political world, as well as bishops and other members of the hierarchy of the Roman Catholic Church.

At dinner there was only a small group which included the President's son and daughter-in-law, Army Maj. and Mrs. John Eisenhower. They are accompanying the President on his goodwill mission to 11 nations in Europe, Asia and Africa.

About 3,000 guests were invited to the reception after dinner by the Gronchis and it's a safe bet not many of them missed it.

For about 45 minutes Eisenhower wandered through a dozen lavishly decorated rooms of the ancient palace, once the residence of popes. From all sides the applauding sets moved in on the President.

Beaming all the while, Eisenhower occasionally spotted a familiar face and stopped to shake hands. Often he returned the greetings of strangers.

Basic Metals Prices Hinted For Increase

Historic Pattern In Steel Industry Calls for Pay Hike

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—The chances seem growing today that manufacturers may have to pay higher prices next year for basic metals. This seems so despite the insistence of steel management that it is set on holding the price line.

Whether steel prices go up awaits the settlement of the dispute in that industry over wage increases and working rules. But when the government steps in—as is now threatened if labor and management can't come to an agreement—the historical pattern has been to grant wage increases which the companies contend must be offset by price hikes.

With manufacturers' steel inventories so low, they could put up little fight against paying what the steel companies might ask.

Copper prices have firmed up already, due to a supply shortage in that strike beset industry. Final labor contracts will help set the price pattern there—perhaps still higher prices.

The aluminum industry makes no bones about wanting to raise prices—if it can get away with it in the face of foreign competition. Aluminum companies also have labor contracts to hammer out. These are being held up awaiting the outcome of the wage and rules dispute in the steel industry.

But aluminum management contends that even without another pay boost their present prices already are too low under current operating costs.

In industries where contracts have been signed this year, the wage scales plus fringe benefits have gone up an average of 10 cents an hour.

Still other industries will increase wage payments next year under old contracts providing for them. And thousands of workers get more pay when the cost-of-living index reaches new peaks.

All this is why many manufacturers see rough sledding ahead in holding down their own operating costs—and hence the prices of their own products.

Wee Freedom To Cost Con 2 More Years

COLUMBUS, Ohio (AP)—A few days of freedom will cost Theodore Kramer, 37, two additional years in Ohio Penitentiary.

Kramer entered the penitentiary in 1951 from Clark County to serve a life sentence for burglary of an inhabited dwelling. He escaped in a guard's car parked in front of the prison while returning to a job outside the walls. Cleveland police captured him four days later as he slept in the car.

He would have been eligible for a parole hearing in 1961. He still will receive the hearing, but the Pardon and Parole Commission will act on a prison court recommendation. That court, composed of penitentiary officials, has recommended that Kramer be deprived of two years "good time" that he has served, thus setting his next possible release date two years beyond 1961.

The escape could cost him more time in prison. He appeared in Columbus Municipal Court Thursday and was bound to the grand jury under \$1,000 bond on a charge of auto theft. He pleaded innocent.

The Census Bureau counted 1,123 private detective agencies in the United States in 1958.

Logan Area Removed From Critical Job List

WASHINGTON (AP) — The Athens - Logan - Nelsonville, Ohio, area has been removed from the critical unemployment list, the Bureau of Employment Security announced Thursday.

However, Columbus, Ohio, was changed from the 1½-3 per cent category to the 3-6 per cent area because of cancellation on an aircraft contract.

JUMPING FROM THE FRINGE OF SPACE—Making the highest leap in history to prove space pioneers can parachute from the fringes of space with no ill effects, U. S. Air Force Capt. Joseph W. He reached the ground in "perfect condition" after a record 14½-mile jump. He plummeted 12 miles and was falling at 450 miles an hour when his chute opened.

Public Utility Rates Seen As Campaign Issue in 1960

COLUMBUS, Ohio (AP)—Public utility rates will figure in election campaigns again next year, it became apparent today at Gov. Michael V. DiSalle's Cabinet meeting.

The governor termed it "almost imperative" that officials draft proposed legislation to change the rate-base formula before the political parties hold their 1960 conventions. His observation followed reiteration by Edward J. Kenealy, Public Utilities Commission chairman, that the present rate formula is weighted.

Attempts to change the formula at DiSalle's urging failed in the last Legislature.

DiSalle urged Kenealy to sound out representatives of utilities and municipal groups promptly in preparation for new rate legislation.

Cabinet members reported on flood control projects, prison food and state personnel reclassification.

Health Director Ralph E. Dwork said tests have not established the source of contaminated turkey and pumpkin pie that made about 850 Mansfield Reformatory inmates ill Thanksgiving night.

Dwork said food handlers were suspected and that it is urgent to identify them to prevent a recurrence.

Herbert B. Eagon, natural resources director, reported a new summary of flood control programs shows that nearly 500 million dollars would be spent in Ohio if present plans are fulfilled.

Turkey Ready For Visit by U.S. President

ANKARA, Turkey (AP) — Turkey anticipates the visit of President Eisenhower with an excitement unusual for this silent and often aloof land.

Signs are popping up in strange places—"Turks like Ike too."

In peasant villages almost lost on the desolate plateau of Asia Minor, in sophisticated, cynical Istanbul, evidence of interest runs high.

"Our people seem to have a tremendous personal feeling about your President," a high ranking Turkish official said. "We have had applications from all parts of Turkey to come here to see him. Thousands of them. It's amazing."

During his 17 hour visit Sunday and Monday President Eisenhower will see only the capital of this NATO ally of 25 million people, larger in area than Texas and as contrasting as Montana and Florida.

Turkey is too large and rural a country to be defined by a city, but Ankara does it better than any other.

Here Eisenhower will be greeted by leaders he already has met, President Celal Bayar, Premier Adnan Menderes and Foreign Minister Fatin Ruzhu Zorlu. Like virtually all Turks in public life, these men have thrown their support behind Western and American policy. There are no stronger advocates than they of the Atlantic Pact and such regional defense groups as the Central Treaty Organization (CENTO).

TV Education Network Gets State Study

COLUMBUS, Ohio (AP)—Gov. Michael V. DiSalle has appointed a nine-member commission to study the feasibility of a statewide education television network for schools and the general public.

The group, appointed Thursday, is known officially as the Ohio Interim Educational Television Study Commission.

The commission also will look into the possibility of setting up a single statewide broadcasting facility for various state agencies, such as the highway safety, highway and natural resources departments.

Statute required the appointment of Dr. E. E. Holt, superintendent of public instruction, and a member representing a tax-supported institution of higher learning. Besides Holt, the governor named Dr. Novius Fawcett, president of Ohio State University.

Also required on the commission were representatives of a non-tax-supported university, the Ohio Council on Educational Television and the Ohio Assn. of Broadcasters.

To fill those requirements, DiSalle named the Rev. Paul O'Connor, president of Xavier University, Cincinnati; Richard B. Hull of WOSU-TV, Ohio State University's television station, Columbus, and Allen Land, general manager of WHIZ-TV, Zanesville.

Other appointees are: Prof. Vincent Jukes of Ohio University, Athens; State Sen. Oliver Ocasio (D-Summit), co-author of the law creating the commission; Sen. Theodore M. Gray (R-Miami) sponsor of laws on educational TV, and Prof. David W. Bergstrom of Miami University, Oxford, Ohio.

U.S. Scientist Says Reds Chalk Gains

LOS ANGELES (AP)—The scientist who directed development of America's first space satellite says the Soviet Union is beating Uncle Sam to the punch in propaganda as well as space. Actually, the U.S. has launched more successful satellites than the Soviets, Dr. William H. Pickering told the Electronic Industries Assn. Thursday night.

"But each of their launchings has been carefully calculated to produce impact on the people's minds," he added, "while ours have been more in the nature of scientific consolidations."

However, he conceded that the Soviet Union is far ahead in space achievements. Pickering, director of Caltech's Jet Propulsion Laboratory, urged non-military control of America's space program to dramatize U.S. feats.

Ohio Tax Districts Slated for Merger

WASHINGTON (AP)—The Internal Revenue Service announced that, effective Jan. 1, Ohio will have only two IRS districts instead of the present four.

The Toledo district will be merged into the Cleveland district and the Columbus district will become part of the Cincinnati district.

Cuts in personnel will be made through retirements, transfers within IRS and transfers to other agencies. IRS will continue to maintain offices in Toledo and Columbus and taxpayers will continue to file returns there.

Lung Cancer Data Bared By Medics

DALLAS, Tex. (AP)—A scientist today offered figures which the American Medical Assn. said show lung cancer and conditions which lead to it "depend almost completely on the number of cigarettes smoked."

Dr. Oscar Auerbach of the East Orange, N.J., Veterans Hospital provided the figures after studying 19,797 slides of lung tissue.

In a paper prepared for the AMA meeting here, Dr. Auerbach declared: "These anatomical observations seem to us to indicate that cigarette smoking is today a major factor in the causation of lung cancer in man."

The issue slides were obtained from 402 men who died of numerous causes in the East Orange VA Hospital and other hospitals mostly in upstate New York.

Cause of death was concealed from the cancer researchers to prevent possible slanted conclusions.

Dr. Auerbach and his associates said smoking habits determined not only whether each individual had lung disease, but also the amount of cancerous, non-cancerous and pre-cancerous damage to lung tissue.

Of the 402 deaths, lung cancer caused 63. All the cancer cases were smokers and 60 smoked cigarettes.

The 55 nonsmokers or light smokers showed almost no indication of precancer cell changes.

But among the smokers, as many as 75 per cent showed malignant cancerous change in the lining of the lungs which had not yet spread into the lung proper. The greatest percentage was in the group which smoked the most cigarettes.

Postmaster Walters Urges Early Mailing for Christmas

"It's time to start those Christmas mailings!" Postmaster Charles Walters said today. "On the calendar Christmas is three weeks away, but here in the post office it's Christmas every day from now on."

"Actually, to get all of the Christmas gifts and cards delivered on time is largely a matter of advance planning and preparation that should be done this week," the Postmaster pointed out.

"Don't take chances on mailing poorly wrapped packages," he said. "Use sturdy corrugated mailing cartons, plenty of heavy brown wrapping paper and be sure that every package is tied with strong cord. Cartons containing several gift packages should be well stuffed with tissue or old newspapers to cushion the contents."

He said further, "If you have articles of unusual size or bulk, better check with the post office before attempting to mail them—the limits on size and weight of packages vary, depending on where you mail your packages from."

AS AN EXTRA precaution against loss, Postmaster Walters advised placing both return address and the recipients address on an extra label inside the carton or package before it is wrapped.

If using Christmas stickers or seals, put them on the back of Christmas card envelopes so that they will not conflict with the address on the front.

Before mailing gift packages be sure that proper postage is firmly affixed to each.

It's always a good idea to place

a piece of transparent cellophane tape over the address portion of the label to prevent defacing it in transit. Most important of all, be sure to include the recipient's full name, street address, city, zone, and state on labels.

Here's some other helpful suggestions from Postmaster Walters. Always send Christmas cards by first class mail. They will be delivered quicker and they'll be forwarded or returned, if it become necessary.

Christmas cards sent by First Class four cent or seven cent Air Mail may carry written messages. Cards sent with third class three cent postage may only have a written signature and will not be forwarded or returned.

IT IS ALWAYS advisable to include return name and address on each Christmas card envelope because this helps friends to keep their mailing lists up-to-date and insures correction of your own list if the card is returned as undeliverable.

The postmaster reminds us that the entire Christmas mailing period is primarily a battle against time. If you delay now in getting Christmas cards and gift packages to the post office, dreaded pile-ups are bound to occur, causing unavoidable slowdowns in deliveries as the holiday approaches.

All mail going long distances should be sent before Thursday. Christmas packages for local delivery should be mailed by December 15 and be sure to mail Christmas cards for nearby destinations at least a week before Christmas.

College Costs on Increase

There should be little doubt that the future of this nation as the world leader depends largely upon the relative strength of its educational facilities and the wisdom imparted by them to tomorrow's generation. This world of the future promises to be a terribly complicated one, demanding mental giants to cope with its problems.

Two surveys made recently by different organizations concerning the indicated future of American education have simultaneously discovered two major contradictions in the present public mood. Parents and institutions of higher learning agree that children of today must go to college; but neither is making adequate plans to insure the fulfillment of this desire.

A nationwide investigation by the Ford Foundation found two-thirds of American parents convinced their children should and would go to college, but only 40 per cent had begun to save toward this aim. Apparently ignorant of the cost of higher schooling, the 40 per cent who were saving were doing so at an insufficient rate.

A Chicago management consultant firm found a equally distressing lack of future planning on the part of the nation's colleges and universities. After a year-long

survey, investigators from Booz, Allen and Hamilton estimated college expansion plans will fall short by 1 million students by 1970.

Total expenses of college students now average \$1,700 a year in state-supported institutions and upward of \$2,200 annually in private schools. Thus parents can expect a bill of at least \$7,000 to send each child through college.

It is not enough to plan for a college education and guide a student through the necessary high school scholastic channels if adequate means are not provided to finance the important step. Many parents and children will be disappointed in their aims for the future by not realistically preparing for the fulfillment of their desires. For most persons, this can only be accomplished by a long-range saving program.

Courtin' Main

Most people who brag about an open mind have a mouth to match.

There's Need for Upsets

Among the virtues of the American education system, according to a commentator recently, is that it produces "well adjusted" types.

At first glance this is a happy thought—a coming generation in which no one is angry with his contemporaries of his surroundings; everyone getting along well together. Has it not been hammered into the populace for many years that well adjusted people never have to lie on psychiatrists' couches revealing ugly secrets?

What better task could educationists apply themselves to than one which could lead to psychiatrists having to throw their couches out of the window?

But instead of being appealing, except in its most superficial and sentimental sense, the thought of a growing nation entirely peopled with well adjusted types is utterly revolting. The great men and women who shaped the course of human events throughout history were, almost without exception, poorly adjusted and quite unable to fade pleasantly into a neutral, insipid, supine group role in a vague and sunny community landscape.

On the contrary, they were intellectually and emotionally turbulent. Around them there usually boiled a storm of controversy and apart from their fame—which always attracts sycophantic admirers—they were more often hated than loved by their generation.

This page would not be big enough to list the names of those whose genius and talent brought them to the front among their fellow men, but from the classic examples of Socrates and Aristotle to the present, they all seemed to be maladjusted in the soothing climate of their day.

Stripped of its neo-psychological mumbo-jumbo, the "well adjusted" idea is not in step with the American spirit. The educational mill should produce for this expanding nation dynamic individualists and independent thinkers who care nothing for group labels, not pleasantly beaming mediocrities living in permanent peace with their environment.

Even the intellectually arrogant are preferable to the intellectual Caspar Milquetoasts and meek camp followers.

Taft Was Man of Conscience

By James Marlow

Senator Robert A. Taft was a difficult man to know intimately. He was my friend and I favored his political ambitions. But his memorandum, more like a last testament, which has been discussed for many years but not disclosed publicly until "The Insider's Newsletter" referred to it, was designed to soften the blow of defeat for the managers of his 1952 campaign for the Presidency. This memorandum explains why Taft thought that he had been defeated in 1952.

Bob Taft, after he was defeated, asked his friends to give President Eisenhower their full support. I dined with the Senator after Eisenhower was in the White House. Taft was very anxious that Eisenhower should succeed. He had many doubts and scruples on the subject but requested his friends to give Eisenhower as much support as they had given him. Taft disliked the type of man whom President Eisenhower brought to the White House with him. He told me a few weeks after Eisenhower took office that Sherman Adams had to be countered, Taft was a dying man at that time.

The memorandum gives the impression that there were no errors in the efforts to win the nomination for Taft. This unfortunately is not quite so and proves that Taft could not recognize the faults of his lieutenants. That in itself was one of his greatest

misfortunes. They quarrelled among themselves; they differed on policy; and although Bob Taft was as professional a politician as had ever managed a political party, most of his associates were delightful men but amateurs whom he loved as friends.

Their loyalty was unquestioned but when they came up against tough and ruthless professionals like Thomas E. Dewey and Herbert Brownell, they were helpless. Taft rejected every counsel which involved the slightest deviation from his scruples. He was mortified when he was accused of unethical conduct concerning Texas. Taft was never unethical.

The Eisenhower campaign was organized several years before the 1952 Convention. While Eisenhower was at Columbia University as president and then, in Paris, arranging for NATO, the late Thomas J. Watson and E. T. Weir together with Henry Cabot Lodge and Winthrop Aldrich mobilized the industrialists and bankers of New York to draft General Eisenhower for President.

I knew well and talked to many of the men involved in this campaign. They wanted Taft. They believed in Taft. But they were told by pollsters and others that Taft could not be elected.

I can recall many hours of arguments. How could they know that Taft could not be elected? He had always carried Ohio which was an industrial state in which the unions were all powerful. The industrialists did not want to take a chance. It was the Willkie situation all over again. Nobody really wanted Wendell Willkie whom the industrialists and bankers supported because they believed he could win.

Some of Eisenhower's most ardent public supporters said privately that they knew nothing about him; that they did not believe that he would be an especially competent President; but that he was popular with the

masses and that he could be elected. They preferred to risk supporting an uncertain General who could be elected rather than support a known Senator, who had been their friend, but who they believed could not be elected.

Senator Taft's memorandum about the industrialists and bankers is a correct estimate of the role they played. The same people had been seeking a candidate since they put up Alf Landon against Franklin D. Roosevelt. They failed with him. They failed twice with Thomas E. Dewey. They felt that they had a sure winner in Eisenhower and they were right.

Taft knew all about this. As a matter of fact, I discussed with him every phase and every operation involved in about two years of pre-convention effort. He came up to my farm in Massachusetts one summer day to go over some of these matters. Concerning one situation he said: "If that is what I have to do to run for President, I don't want it. I won't do it. I won't do it!"

Robert A. Taft was defeated because he was a man of conscience, of puritanical conscience trying to make his way in an outrageously ruthless play of forces called politics. He failed because of his conscience.

On August 15, 1944, the U. S. Eighth Fleet, under Vice Admiral H. K. Hewitt, landed troops in three areas east of Toulon in Southern France, bringing to a close that phase of WWII that had begun in North Africa.

To the Voters of Logan Elm School District:

Tuesday we have a chance to vote for or against our school children. A yes vote on the renewal and new levy for operation means that our present schools can be opened next fall with our present good teachers and facilities for the education of our children.

A yes vote on the equipment levy means that we can put all of our high school students into a fine new building with a chance for an education to permit them to enter the business or professional world with an even chance with any other high school student of Ohio.

We feel that the Logan Elm Board of Education has done the very best that it could do with the rising costs. Since we all know that we ourselves often underestimate the cost of things we plan to build or buy, can we hold any ill feelings because the amount for our new school equipment and building has been under-estimated by only 5 percent?

The cost of these levies to each taxpayer will be comparatively small. We probably would spend the amount these levies will cost us for unimportant things each year without any thought of the good this money can do for our schools.

Go to the polls Tuesday with us and vote FOR our Logan Elm School Children.

Frank R. Lands
Mary Kathryn Lands
Route 1
Stoutsville

Dear Logan Elm School District Voters:

The Constitution of the United States, Article I, Section 8, states in part "The Congress shall have power to levy and collect taxes, duties, imposts and excises."

The thinking of many people is, I believe, that a large number of taxes are "forced" upon us by Congress. We, of the tax paying public, have little voice in this form of legislation.

Then, a local tax issue is placed on a ballot. There are those who will feel, "by golly, here's a chance to stop some of this taxation." This type of thinking so obliterates the issue that it's need and usefulness is often pushed aside.

Other voters will look for excuses. As in the case of the Logan Elm School District, they will say, "these schools were good enough for me and they're good enough for my kids." "Teachers only work nine months out of twelve. Why do they need more money?" "The site of the new high school building is not well located." "My children have all graduated,"—on and on they go.

If we would all stop for just a few moments and analyze our own "excuses", I am sure we will be convinced they are very insignificant when the real issue comes into focus.

Is not the educational enrichment of our youth one of the foremost problems of our day? Have you not said, "I want my children to have the advantages I missed as a child?" Even for those who may no longer have children in school, remember your own childhood.

In the present age of space conquest and the striving for international understanding, can equitable education be obtained for our children without maintaining and expanding our school facilities? I firmly believe they can not!

It has only taken about two minutes of your time to read this letter. Won't you stop several minutes more and consider your own specific case. Then, I believe, you as a conscientious voter, will go to the polls Tuesday and cast your ballot for the youth of the Logan Elm School District.

Yours truly,
Roger H. May
Member Citizens Committee
Logan Elm School District

Dear Sir:
There was a time, not too many years ago, when the graduate of one of our local high schools could doff his cap and gown, pull on his overalls, scrape together a few

tools and presto! he was in business—a farmer.
Or he could apply to industry for a job, and with nothing more than the "three R's" and hard work to back him, he could really get somewhere. If he chose a college education, he could apply for admission anywhere, get in anywhere, if he applied himself a little.

Colleges and universities begged for students and tried to keep them until they were graduated. But no more.
How many new farmers will the rich soils of Pickaway County support? Not many. It has almost come to the point where someone has to leave or retire before there is a place for someone new. In addition, the capital requirements for the new farmer are almost prohibitive.

In industry, the good jobs, the jobs with a future, go to the most newcomers. Today our universities are overcrowded—they select applicants carefully and weed out the poorest students ruthlessly.

These are facts. There are and will be exceptions to them, but by and large the graduates of Logan Elm School District, and the citizens who provide their education, must face them.

As school districts go, Logan Elm is a "rich" district. We have every material means to give our children an education that will enable them to complete with anyone anywhere.

To achieve this end, our school board first promoted consolidation and then proposed a modest, conservative building program to permit bringing an adequate high school curriculum to life in our school district. (If "modest and conservative" sound inappropriate to you, please check the cost figures for other high schools recently proposed in this area.)

The residents of Logan Elm School District approved these plans and voted that bonds be issued to pay for the new educational plant.

Then something happened. Actual building costs on the new high school, reflecting the general inflation, ran 5 per cent over estimates and an additional 2-mill tax levy was needed to meet rising operating costs.

Last November 3, we flatly rejected both levies. Tuesday we are asked again to provide the money to keep our grade and high schools in operation and to complete Logan Elm High School in time for the 1960 fall term.

It seems inconceivable that the voters of this district will permit their schools to close and force their new high school to stand empty of needed equipment. We will make principle and interest payments on the new school for the next 20 years, regardless of the outcome next Tuesday.

What do they who oppose these levies propose to do next? Surely, if the levies fail, the next move is

Tips on Temperature

Everyone, I'm sure, has had his temperature taken from time to time. So, obviously everyone knows how to do a simple thing like taking a temperature.

Yet a few brief tips might make it even easier, so let me pass on a couple of suggestions to you.

You don't have to shake the mercury all the way down. Just be sure that the thermometer doesn't register above 95 degrees when you pop it into the patient's mouth.

Make the patient keep it under his tongue with his lips closed for a minimum of three minutes. Wait at least 15 minutes before taking the temperature if the patient has just had something to eat or drink or if he has just taken a bath.

Once you are through with the

instrument, it should be wiped with tissue paper and rinsed in cold water.

Don't return it to the box or holder again without sterilizing it in some way. Probably the best thing to do is to place it in an antiseptic solution and leave it there until the next time you have to use it.

When the patient is a child, it usually is best to use a rectal thermometer. Here, too, a few tips might make the temperature-taking chore a little easier.

Have a child lie on his side and tell him to breathe through his mouth. This will help relax the muscles around the rectum and make it easier to insert the thermometer. It should be inserted up to the 98.6 degree mark.

If the youngster has had a bowel movement, wait approximately one hour before taking his rectal temperature.

When you have finished, wipe the instrument with a piece of tissue

By Herman N. Bundesen, M.D.

or cotton moistened with soap and water. Rinse the thermometer in cool water and then disinfect it in a solution recommended by your doctor.

Maybe you knew how to take a temperature all along, but I'll bet you know a little bit more now than you did a few minutes ago.

Question and Answer
Mrs. T. L.: Please tell me if we have two thyroids and if removal of a thyroid will cause a change in the singing and speaking voice. My hair has become very thin. Would this also be due to the thyroid condition?

Answer: We have one thyroid gland which consists of two lobes and a connecting isthmus. Its removal does not affect the voice unless the nerve to the larynx is accidentally injured during the operation.

Although thyroid disturbances may cause thinning of the hair, there may be other causes as well.

'Promise of a Better Life' Slated at Church of Christ

"Promise of a Better Life" will be the sermon topic at the 10:30 a. m. Worship Service to be delivered by Jack Rankin, minister, at the Church of Christ this Sunday morning.

While man struggles through this world there is a yearning for a better tomorrow. There is a book by the title "Tomorrow Will Be Better" which is a book of hope. It is only right for us to want to see a brighter expectation of tomorrow's happenings while we journey in this earthly tabernacle. It is the Divine Hope that we should seek above all. From Ephesians Chapter, two one can clearly see there is no Hope for the man out of Christ.

For one to have the promise of a better life Titus gives us these words of inspiration, "looking for the blessed hope and appearing of the glory of the Great God and our Saviour Jesus Christ." (Amer. Standard Version).

Would we be ready for this appearing this day? Our hope should be in focus for this better life ahead. We will study together this promise of hope from the standpoint of those who now have it and from those who wish to obtain it. A warm welcome awaits you and your friends.

The Sunday School Council sincerely feel that this new schedule for Sunday morning activities will best present the program of Christian Education in our Children's Department. Nursery care is provided during both Worship Service and Sunday School. Church School in the youth and adult departments will meet following the Worship Service.

Presbyterian

For the remainder of the Advent Season, worship services at the Presbyterian Church will pursue the general theme: "The Unspeakable Gift."

At the 10:30 morning hour of worship, the Rev. Donald Mitchell will read the Scripture from the Gospel according to Luke, chapter 1:1-38. From this he will preach the message: "The Handmaid Of The Lord."

What must have been the impressions, the joys, fears and tribulations of the Holy Family as they found themselves the chosen channel through whom the God of the Universe was visiting the people of Earth? How did Mary feel about mothering the Child Messiah? Who today could meet the unbelievable circumstance with the wisdom, dignity and composure of Joseph who found himself fostering this Holy Child? And what of the Child?

Mother, father, Child: God speaks to men through each member if the Holy family during Advent 1959. What could possibly be more important than that we come before Him for worship, that He may speak to our souls and that men may know that we have been with God?

Succeeding messages will be: "And Joseph Also" and finally, "Saviour Of Men." The music Sunday will include the Junior Choir anthem, "Going to Bethlehem" by Davis. The Junior and Senior Choir together will sing the anthem, "The Wise Men Bring Their Learning" with Mrs. Ronald Knecht singing the descant. Mrs. Clark Will is the director.

Mrs. Joseph Adkins, at the piano and Mrs. Huston, at the organ, will offer a duet entitled "Sheep May Safely Graze" by Bach.

Advent hymns and carols to be sung in the Worship Hour will include: "O Come, All Ye Faithful", "O Little Town of Bethlehem" and "Silent Night! Holy Night!". At the organ, Mrs. Theodore L. Huston will play "Chimes de Matin" by d'Antilly; "Emmanuel" by Rossini; and "Postlude in D" by Bridge.

In the evening the Westminster Fellowship will meet at 7 p. m. in the chapel for devotions led by Barbara Jones and Donna Myers. The hosts will be Steve Spicer and David Hill. The program will be a book review by Mrs. Mitchell entitled "The 7 teen Years."

Mrs. Karl Herrmann will preside at the organ at both services. Services will be held at Christ Church, Lick Run at 2 p. m.

LIKE A MOUNTAIN NAMED FOR YOU?

Not one of these, certainly! They're here today, gone tomorrow. We'd gladly lend our names to a timeless peak like Everest — not to a heap of shifting sands rolling before the desert wind.

Of course, we have to identify ourselves with many a transitory idea and institution. We are busy most of our days just trying to keep up with this ever-changing world . . .

But our deeper self gropes for the Eternal!

God understands this yearning. He breathed it into our souls.

And God answers it: In Christ! In Scripture! In the voice of a neighbor inviting you and your family to Church.

A voice crying in the wilderness . . . across the shifting sands . . . of the TRUTH and LIFE that are ETERNAL.

Child League Members Hear Talk on Hawaii

Members of the Child Culture League met Thursday evening in the home of Mrs. Paul Matz, E. Main St.

Mrs. Cliff Hedges and Mrs. Boyd Stout, who were recent visitors of Hawaii, presented a spiritual program telling the different religions most prominent in out 50th state.

The mode of present day dress was explained and each of the guest speakers wore long loose dresses of bright print which they had purchased in Hawaii and are generally worn on the islands today.

Slides were shown of the different churches and the methods of teaching religion. Christmas celebrations, funerals and weddings were explained. Most residents are of mixed blood but in some sections the people are pure Hawaiian. Flowers bloom profusely and are used along highways and streets much as hedge is used in the States.

After the business meeting, a gift exchange was enjoyed by the members and refreshments were served by the hostess and co-hostess, Mrs. Leo Morgan. The next meeting, January 7, will be held in the home of Mrs. Clark Martin, Cedar Heights Road.

Tarleton WSCS Holds Session

"There's a Hush of Expectation" was presented by Mrs. Earl Bowser for the devotional period of the Tarleton Methodist Church WSCS meeting Wednesday evening in the church.

The group sang "Angels from the Realm of Glory" and Joy to the World". Mrs. Albert Spangler conducted the meeting.

Reports were made on the recent sale dinner, the tea and bazaar. Readings were given by Miss Ethel Reid, Mrs. Lloyd Spung and Mrs. Miss Eileen Reichelderfer was welcomed as a new member of the society. Mrs. W. E. Defenbaugh showed the various artists' conceptions of the nativity scene.

Members voted to give a contribution to the fund for the Rev. Jack Hedges Mission in Hawaii.

Following a gift exchange refreshments were served to 23 members and 12 guests.

The next meeting will be held January 6 with Mrs. Rancie Poling, Mrs. Earl Bowser, Miss Lois Bowser and Mrs. Alice Reichelderfer as hostesses.

Visitors Return To Ireland

Miss Agnes Gilchrist sailed for her home in Newtownards, Ireland, at 4 p. m. Thursday on the ship American.

Miss Gilchrist has been staying with her niece and family, Mr. and Mrs. Dale Lanman, Route 2, for the past 1 1/2 years.

She left here by train Wednesday evening and visited with Mr. and Mrs. Marvin Lanman, Newark, N. J.; before sailing Thursday.

James Ennis, brother of Mrs. Stanley McRoberts, Parkview Ave., also a local visitor sailed the same day on the ship American to his home in Newtownards, Ireland.

Jaycee Wives Set Tuesday Meeting

The Jaycee Wives Club will hold its meeting and gift exchange at 8 p. m. Tuesday in the home of Mrs. Donald Hill, Knollwood Village.

Junior Women's Club Stages Annual Christmas Dinner

Members of the Circleville Junior Women's Club entertained their husbands at a Christmas dinner meeting at Tink's Thursday.

Centerpieces for the dinner tables were filmy pale green net Christmas trees draped with tinsel and ornaments and adorned with an angel. The nut cups with angels and tiny ornaments carried out the decoration theme. Mrs. Richard Pettie and Mrs. Donald Vogel handled the decorations and the program.

Attending the dinner meeting were Mr. and Mrs. Maynard Slack, Mr. and Mrs. Richard Pettit, Mr. and Mrs. Harry Turner, Mr. and Mrs. Earl Weaver, Mr. and Mrs. Sterling Poling, Mr. and Mrs. Frank Wirth, Mr. and Mrs. Harold Whitmore, Mr. and Mrs. William Ford, Mr. and Mrs. Russell McGehee, Mr. and Mrs. Gerald Harr-ell, Mr. and Mrs. Gordon Walters, Mr. and Mrs. William Speakman and Mr. and Mrs. Donald Vogel.

Mrs. Earl Weaver led the group in devotions preceding the dinner.

A short business meeting was conducted by Mr. William Speakman. Husbands of the members answered roll call by telling what he and his wife most enjoyed doing together.

Mrs. Marvin Marshall was accepted as a new member of the club.

Mrs. William Speakman stated that all raffle tickets and money should be turned in to Mrs. B. P. Cook by the 18th of December. Any member wishing additional raffle tickets should contact Mrs. Harry Turner. The profit derived from this project—as from the other projects undertaken by the club go into a fund to provide scholarships for high school graduates who wish to further their education in either the fields of teaching or nursing.

Following the business meeting the group enjoyed singing Christmas carols. Mrs. Earl Weaver led the caroling.

A Christmas exchange for the husbands provides much entertainment. Each member brought a small gift which was assigned a number. While dancing, each husband, when finding the girl who had the number which corresponded to his, obtained his gift.

Dancing ended the evening's program.

Civic Club Holds Dinner

The Pickaway Country Club was the setting for the dinner for the Kingston Civic Club members and their husbands Tuesday.

A short meeting was conducted by Mrs. Kenneth Timmons. Members voted to support the Community Christmas Fund. Mrs. Ernest Kline was elected secretary to replace Mrs. John Ralston, who resigned.

Following the business session the remainder of the evening was spent with music, dancing and games.

Those present for the occasion were Mr. and Mrs. Eugene Crawford, Mr. and Mrs. William Russell, Mr. and Mrs. Jack Reisinger, Mr. and Mrs. Marvin Mitchell, Mr. and Mrs. Fred Likens and Mr. and Mrs. Kenneth Timmons.

Mr. and Mrs. Robert Jones, Mr. and Mrs. Nicholas Kelley, Mr. and Mrs. Grover Whitten, Mr. and Mrs. Ernest Kline, Mr. and Mrs. Raymond Davis, Mr. and Mrs. Dwight David, Mr. and Mrs. Ed Flugge and Mr. and Mrs. Winston Hood.

Mrs. Earl Weaver led the group in devotions preceding the dinner.

A short business meeting was conducted by Mr. William Speakman. Husbands of the members answered roll call by telling what he and his wife most enjoyed doing together.

Mrs. Marvin Marshall was accepted as a new member of the club.

Mrs. William Speakman stated that all raffle tickets and money should be turned in to Mrs. B. P. Cook by the 18th of December. Any member wishing additional raffle tickets should contact Mrs. Harry Turner. The profit derived from this project—as from the other projects undertaken by the club go into a fund to provide scholarships for high school graduates who wish to further their education in either the fields of teaching or nursing.

Following the business meeting the group enjoyed singing Christmas carols. Mrs. Earl Weaver led the caroling.

A Christmas exchange for the husbands provides much entertainment. Each member brought a small gift which was assigned a number. While dancing, each husband, when finding the girl who had the number which corresponded to his, obtained his gift.

Dancing ended the evening's program.

Ronda Martin Has 2nd Birthday

Little Miss Ronda Martin, 213 W. High St., was honored on her second birthday with a surprise party given recently by her mother, Mrs. Ronald Martin and assisted by her grandmother, Mrs. Edgar Caldwell.

Refreshments were served by the following guests: Ronda Martin, Charleen Niona, Linda Arledge, Joe, Kathy, Cindy and Karen Fuime, Richard and Carl Daldwere, Mrs. Rosemary Arledge, Mrs. Joe Tivime, Mrs. Marvin Rhoads and Ronda's father, Ronald Martin.

Gifts were sent by her paternal grandparents, Mr. and Mrs. Vic-gil Martin and daughter, Carolyn.

Dear Abby...

By Abigail VanBuren

Time's A'wasting for Widow

DEAR ABBY: I have been widowed many years. I've had numerous chances to remarry but I will not go out with just anybody who rings me up.

There is one very desirable professional man (retired) who has been inviting me out consistently. I am interested in him and he seems to enjoy my company. But he has one annoying habit that puzzles me: He keeps looking at his watch all evening!

Do you think this means he is eager to get the evening over with? Should I remark on this annoying habit of his? I wish I could figure him out.

PUZZLED
DEAR ABBY: Don't try to figure out what makes him tick, or you'll have lots of time on your hands.

DEAR ABBY: My mother and father have been married happily for 15 years, or at least I thought they were. My mother met a man recently. Every time I come home from school his car is in our driveway. She calls him on the telephone and he calls her when my father isn't home. Maybe it is only my imagination and maybe it isn't even any of my business, but do you think I should ask my mother what it is all about?

WORRIED
DEAR ABBY: It is certainly your business. Ask your mother.

DEAR ABBY: My husband is very sensitive because he can't read very fast or very well. He was taught to read by sight, but when it comes to a new word, he can't sound it out. I've tried to help him, but I'm no teacher.

He won't go to church because he's afraid he might be called upon to read aloud.

His boss told him that if he took some schooling at work (they have courses to teach the employees more about their work) his chances for promotion would be excellent. But he is ashamed to let anyone know how poorly

Wrapping potatoes in foil before baking has come into fashion because cooks have discovered that the foil keeps the potatoes hot and moist should there be a short wait before the meal is served.

he reads. Any suggestions would be very much appreciated.

HIS WIFE
DEAR WIFE: There is no "shame" in not knowing. Only in refusing to learn. Find out if your Public School system offers adult education courses. A lot of all communities have evening classes for adults who wish to learn elementary reading, writing and arithmetic.

Whats your problem? For a personal reply, write to ABBY, care of this paper. Enclose a stamped, self-addressed envelope.

Tigers . . .

(Continued from Page One)
ble 42.6 per cent average. Franklin Heights, troubled in finding the range, shot 56 times and made good on 13 for 23.2 per cent.

THE Tigers had 17 chances at the foul line and made 10 of them. The Falcons connected on 15 of 22 attempts.

Circleville's offense seemed to click most of the evening, although first game jitters caused some easy bunnies shots to go astray. Coach Snuffer easily changed his defenses as the situation demanded and Shadley, Hannahs and Weiler did a lion's share of work under the boards.

Coach Jack Weikert's reserve Kittens dropped their game, 46-38, after making several strong efforts to move out in front in the closing minutes.

The Kittens scored 13 points in the final quarter but could not overcome their earlier deficit as the young Falcons hung on to tally 11 markers.

Center Cleson Thomas sparked the Kittens with 14 points, most of them coming on difficult shots from underneath. Freddie Moore added seven and Cal Ellis hit for five. Bill Hankinson was high for the winners with 14.

The Tigers probably will get a stiffer test tonight when they open the home season with Athens. The reserve tilt is slated for 7 p.m. and the varsity encounter will follow at about 8 p.m. in the E. Mill St. gym.

Salter Creek pulled the first 1959-60 Pickaway County basketball upset by handing Williamsport a 53-49 defeat last night.

The host Warriors jumped to a 13-8 first quarter lead and were never headed as the favored Deers couldn't get their attack in gear.

Led by Denny Valentine's 20 points, the Warriors surprised the Deers who previously held a 5-1 record.

The county scoring leader, David Myers with a 29.3 average, was held to 19 points by the stellar defensive play of 6' 1" Bob Hart.

CHARLIE SPANGLER followed with 16 points for the Warriors were Eddie Ater and Kenny Starkie who tallied eight points apiece.

Salter Creek held a 28-22 lead at halftime and led 42-39 at the third quarter mark. The Warriors shot 37 1/2 per cent from the field and fired the same at the foul line.

This was the Warrior's first win of the 1959-60 campaign against three straight losses. Williamsport suffered its second defeat in eight outings.

The Deers grabbed the prelim. 32-30, in a contest that wasn't settled until the last five seconds.

Darby Repels Atlanta Rally To Record Second Victory

Favored Darby topped host Atlanta last night, 68-62, to even its record at 2-2, after a slow early season start.

The Trojans had more trouble than they expected as the scrapping Red Raiders made it a ball game until the final whistle.

The Trojans were up 10 points at the third period mark, 52-42, and repelled an Atlanta rally behind the tremendous scoring of Tommy Liff to pull their first Pickaway County League game out of the fire.

Liff grabbed scoring honors for the evening with a 26-point effort, followed by Atlanta's Ronnie Morris with 22 points.

Darby's other sensational guard, Tommy Walters connected on 10 field goals for 20 points. The Trojans were behind the initial half, 15-12 at the end of the first stanza and 26-24 at halftime.

Experienced guards Liff and Walters, were the turning point of the game, although Atlanta controlled the bankboards behind the stellar rebounding of Morris and Tommy Oyer. Darby's 28-point third was led by Walters' 12 markers.

Ashville Tops Monroe, 88-50

The Ashville Broncos stampeded over the Monroe Indians last night, 88-50, as their first five played less than 20 minutes on the Monroe court.

Ashville's Bobby Hoover, one of the prominent central Ohio youths in line for All-Ohio, led the Broncos with 21 points on accurate jump shots and tip-ins.

Dale Fout and Tommy Rathburn followed Hoover in the double-figure column with 18 markers each. Steve Finest, emerging as Monroe's finest shot, led his teammates with 21 points to tie Hoover for scoring honors.

Ashville took a solid 23-6 first quarter lead, then increased it to 48-17 at halftime to ice the contest early. It was the Broncos third straight win against no losses.

Meanwhile, Monroe was dropping its sixth in a row against one win. Ashville made it a double victory with a 46-34 junior varsity win, its second in three starts.

Monroe — Porter 1-0-2; Boyle 0-0-0; Adams 1-2-4; L. Bigam 2-4-8; Fullen 7-21; Mowery 6-13; totals 17-16-50.

Centralia Hands Kingston Second Loss

In a Ross County League opener last night, host Centralia surprised arch rival, Kingston, 51-50.

The Bulldogs tallied the deciding points in the third period as they outscored Kingston, 18-13, after trailing 28-27 at intermission.

Both teams traded leads during the final quarter. The Redskins held a 48-47 lead with three minutes remaining when Don Ault and Tom Haynes hit four straight free throw offerings to give the Bulldog a 51-48 margin.

Kingston came within one point of knotting the ball game, but lost the ball twice in the last minute due to turnovers. It was the Redskins' second loss in six outings.

CENTRALIA was led by Captain Sonny Harrison with 21 points. He tied Kingston's Bill Carmean for scoring honors.

The Redskins were definitely hurt at the foul line where they netted six of 12 attempts for 50 per cent, while Centralia dropped 11 of 23 for 47 per cent.

The Bulldogs shot their slate to 2-2 behind Harrison's fine floor game and Gary McNeal's back court support.

The Bulldogs made it a twin victory with a 37-21 reserve win in the opener.

Kingston — Nogle 6-13; Chaffin 1-1-3; Canham 1-0-2; Vollmar 4-1-9; Congrove 1-0-2; Targee 0-0-0; Kempton 0-0-0; totals 22-6-50.

Stoutsville Raps Rushville; Cole Gets 23

Stoutsville opened its 1959-60 Fairfield County League season last night with a triumphant 70-44 win over invading Rushville.

The experienced Indians shot 53.9 per cent from the floor, compared to Rushville's 30 per cent to waltz to victory No. 4 without a loss.

Hot from the floor, the Indians were just as cold from the foul line as they missed 13 of 15 attempts for a 13.3 percentage. The Rushville Cardinals hit 47.1 per cent.

Each team had 13 personal fouls. Jimmy Cole played his best of the young season by garnering 23 points on jump shots from the key. Bobby Sells followed with 18 markers from the side.

TOM AZBELL led the Cardinals with 22 points from around the foul lane. The Indians concentrated on feeding Cole who aided Stoutsville in grabbing 34 rebounds compared to Rushville's 20.

The Cardinals used a 2-1-2 defense while Stoutsville countered with a man-to-man. It was Rushville's third defeat against two wins.

The Stoutsville reserves chalked win No. 3 against one setback as they downed the invaders, 38-35, in a thriller.

Rushville — Foster 3-1-7; McCafferty 1-1-3; Azbell 11-0-22; Jackson 0-5-8; Ruff 2-1-5; Morrow 1-0-2; Totals 18-8-44.

Eighth Grade Wins Cage Tilt

Circleville's 8th grade cage team trimmed Pickaway Twp. junior high, 34-29, here Thursday night.

Circleville grabbed a 12-9 first quarter lead, but Pickaway came back to knot the count at 17-17 at halftime. The visitors pushed ahead, 24-33, at the three-quarter mark.

The locals then iced the game in the fourth canto by scoring points and allowing Pickaway five.

Dave Dennis was top man for Circleville on the strength of five buckets and two foul throws for 12 points. Dave Bass hit for nine and Tom Smith and Bob Purcell and six each.

Jim Hicks was high for Pickaway with 10 points. Arnie Gabriel and Ramsey had seven each.

Circleville — Smith 3-0-6; Tottle 0-1-1; Dennis 5-2-12; Purcell 3-0-6; Bass 4-1-9; Thomas 0-0-0; Totals 15-3-34.

All-Ohio Teams For Small Schools Show Top Talent

COLUMBUS, Ohio (AP) — The top talent from Ohio's 291 smaller high schools today won spots on The Associated Press 1959 Class A all-Ohio grid team.

Picked by sports writers, officials and coaches, the squad is crammed with great runners, passers, blockers, pass catchers and tacklers. Probably any of the stars could make any Class AA team in the state—and most of them will go on to make their mark on the collegiate gridirons.

With Columbus Rosary's Jim Long at quarterback, the bal-fouting corps is really something. Fullback Gary Crum of Cardington scored 213 points, halfback Bob Patin of Dennison St. Mary came up with 206, and halfback Bill Heinsman of Fostoria St. Wendelin counted 29 touchdowns.

Long ran for two scores, passed for 15, and completed his second year at the Rosary helm without tasting defeat.

At the ends are Jim Presley of Brilliant, probably the state's finest pass-catcher in either class, and Dick Homlar of Maumee Valley. The rangy tackles are Gary Burton of Clark County South-eastern and Jim Dovich of Lowellville.

Henry Boyd of Smithfield, who intercepted five passes and recovered eight fumbles on defense, grabbed an offensive guard spot alongside Dick Davis of Fredericktown, normally a tackle. The center spot went to Bob German, the rugged six-footer from unbeaten Rutland.

Stu Nibeck of Fostoria St. Wendelin, a 185-pounder, was named the state's best Class A lineman. The defensive stalwart moved in at end on the first squad. The "best back" award was shared by Crum, offensive fullback, and Berne Union's Sherm Van Meter, who settled for a linebacker berth on the first team.

The Class A selections: First Team Offense Ends: Jim Presley, Brilliant; Dick Homlar, Maumee Valley.

Tackles: Gary Burton, Southeastern (Clark); Jim Dovich, Lowellville.

Guards: Dick Davis, Fredericktown; Henry Boyd, Smithfield. Center: Bob German, Rutland. Quarterback: Jim Long, Columbus Rosary.

Halfbacks: Bob Patin, Dennison St. Mary; Bill Heinsman, Fostoria St. Wendelin.

Fullback: Gary Crum, Cardington.

First Team Defense Ends: Jim Eskridge, Rootstown; Stu Nibeck, Fostoria St. Wendelin.

Tackles: Dale Kingbell, Elmore; Mike Stringer, Marion Catholic. Middle Guard: Ron Winner, Paulding.

Linebackers: Dick Kline, Randolph; Sherm Van Meter, Berne Union; John Lahoski, Boston Twp.

Halfbacks: Dave Collins, Bell.

Kentucky Wildcat Cagers Win Narrowly over UCLA

By THE ASSOCIATED PRESS
Baron Adolph Rupp heaved a sigh of relief today after his Kentucky Wildcats escaped with a narrow victory over UCLA on a weekend visit to the West Coast.

The Wildcats, expected to be one of college basketball's powers this season, nipped the spirited Bruins 68-66 Friday night on some clutch shooting by Sid Cohen.

In other games, California, the defending NCAA champion and West Virginia, the team the Bears defeated 71-70 in the finals of the tournament, posted impressive victories.

California overpowered California's Santa Barbara branch 59-47 behind husky Bill McClintock and 6-10 Darrell Imhoff. The triumph was the Bears' 17th straight.

Hanover Colts Voted as Top 2-Year-Olds

COLUMBUS — Bullet Hanover, fastest 2-year-old pacer of all time, and Blaze Hanover, a trotter who earned more purse money in one season than any other 2-year-old harness horse in history, have won divisional honors in the annual nationwide vote of harness scribes conducted by the U. S. Trotting Association.

In becoming "Two Year Old Pacer of the Year", Bullet Hanover received 74 first place ballots with Countess Adios the closest contender at nine. Jan Hanover and Muncy Hanover collected one each.

Blaze Hanover's march to the "Two Year Old Trotter of the Year" laurels was almost as decisive. Owned by S. A. Camp Farms of Shafter, Calif., Blaze Hanover was named on top by 66 experts with Carline Hanover collecting 12 votes for second. Uncle Sam was third with eight.

Owned by L. B. Sheppard of Hanover, Pa., and T. W. Murphy of New York City, Bullet Hanover was timed in 1:57 at Indianapolis while winning the \$50,000 Fox Stake. This was a full second under the previous world mark for 2-year-old pacers.

Blaze Hanover, looming as the winter book choice for the 1960 Hambletonian Classic, earned \$14,192 during the past season—almost \$50,000 more than any 2-year-old trotter ever had collected.

Bullet Hanover was trained by Johnny Simpson while Joe O'Brien handled Blaze Hanover.

Frick Faces Big Decision In AL Fuss

MIAMI BEACH, Fla. (AP) — Baseball Commissioner Ford Frick may face the toughest decision of his career during the next four days.

Frick will have to decide whether to take action on his own if the American League ignores his suggestion to take a definite stand on expansion at Monday's meeting.

"I'll play it by ear," said Frick today. "How can I comment until I know what action will be taken at the meetings?"

It was learned that the American will announce merely that it plans to explore further the possibility of expansion on the recommendation of its three-man fact-finding committee.

The five-team Continental League, which has scheduled a meeting here Tuesday, undoubtedly will have some acid comment to make if the American ducks a positive answer. A Continental League franchise holder who asked not to be identified said as much.

"If the American League does make such an announcement it will prove once and for all it is determined to sabotage our efforts to become a third major league," said the spokesman. "They merely are trying to keep us hanging on the ropes. The commissioner has asked the American and National leagues to put up or shut up on the subject of expansion. They had better listen to him or they'll be in for a lot of trouble. If they don't, it is up to the commissioner to order them to do so."

Dutra Holds Edge In Senior Open

PALM SPRINGS, Calif. (AP)—Olin Dutra, one of the few golfers to win both the National Open and the PGA championship, is leading by one stroke in the \$20,000 Senior Open Golf Tournament.

The Rialto, Calif., golfer played flawlessly for 17 holes Friday, carding a 34-34—68 to give him a 36-hole total of 139. Of the first 17, Dutra birdied five holes and hit par on the remainder. The 58-year-old golfer bogeyed the par 5 18th hole.

Defending champion Willie Goggin of San Jose, Calif., fired a 74 to fall one stroke behind Dutra at 140.

All-America Jerry West and Lee Patrone spearheaded West Virginia to an 98-76 decision over The Citadel. The success stretched the Mountaineers Southern Conference winning streak to 51 games.

Cohen, a back court general of Brooklyn, took charge in the last 90 seconds to pull out the Kentucky squeaker. With the score tied 64-64, the 6-1 senior scored on a three-point play to sew it up.

California controlled the backboards against the undermanned Santa Barbara team, while hitting on 45.6 of its field goal attempts. McClintock, a 6-4, 220-pounder scored 14 points and snared 12 rebounds. Imhoff chipped in with 11 points and nine rebounds.

West Virginia opened up a 46-34 halftime bulge over The Citadel and never was headed. Patrone garnered scoring laurels with 23 points and West added 21.

Oklahoma City University downed Texas Christian 69-64, Baylor edged Oklahoma State 53-50, Missouri turned back Arkansas 75-71, Creighton defeated the Air Force Academy 56-49, Texas A&M whipped Trinity 86-47, Brigham Young nipped Washington 54-52 and Villanova romped over Scranton 110-68.

Also, Loyola of Chicago topped Western Ontario 84-60, Santa Clara edged Southern California 64-61, Washington State rolled over Montana 84-60, Montana State tripped Wyoming 69-59, LSU downed Louisiana College 73-68, Oregon outclassed Fresno State 62-48, Utah State upended Portland 74-67, Alabama thumped Spring Hill 84-55, Arizona State University licked Kent State 79-70 Chattanooga beat Washington & Lee 71-60 and Colorado defeated Colorado State University 66-55.

Mr. Huff Set For Mr. Brown

Footballers To Meet In Browns-Giants Tilt

By THE ASSOCIATED PRESS
Sam Huff came into the National Football League in 1956, one year before Jimmy Brown. Sam's been waiting for the big Cleveland fullback ever since.

Linebacker Huff will be at Yankee Stadium Sunday, watching and waiting for Brown to come storming into the New York Giants' line. And on this personal test between the league's leading ground gainer and its most respected middle linebacker rides the championship of the Eastern Conference.

The Giants are five-point favorites to defeat the Browns and gain the NFL championship round Dec. 27 against the Western winner.

The defending league champs, the Baltimore Colts, were at San Francisco Saturday in a showdown for first in the Western Conference. The Colts and 49ers both had 7-3 records with two games to play.

The Chicago Bears (6-4) can attain the season's longest winning streak by whipping visiting Pittsburgh (5-4-1) Sunday. But the sizzling Steelers recently clipped the Giants' and Browns' five-game streaks and could do the same to the Bears who are still eyeing the Western crown. Chicago is a seven-point favorite to make it six straight.

Philadelphia, tied for second in the East with Cleveland at 6-4, is a three-point favorite at Washington over the Redskins (3-7).

Los Angeles (2-8) can count one bright spot in a dismal season. The Rams knocked off Green Bay (5-5) at a time when the Packers were the league's only unbeaten club. The Rams, who have dropped six straight since that 45-6 romp over the Packers, are conservative six-point favorites at Los Angeles this time.

In another meaningless meeting, the Detroit Lions (2-7-1) are four-point home favorites over the Chicago Cardinals (2-8).

Strang, Ankney To Coach Stars

COLUMBUS, Ohio (AP) — Leo Strang of Massillon's state champions and Pete Ankney of Kettering Fairmont's third place club will coach the competing teams Aug. 13 in the North-South A-Star High School Football Game at Canton.

The selections were made Friday night by the Ohio High School High School Football Game at meeting which lasted until the wee hours.

Strang, who led the terrific Tigers through a 10-victory campaign, was an easy victor to boss the Yankee 25-man squad. Ankney won by 11 votes over Bob Lewis of Wyoming's unbeaten team, and Lowell Storm of Springfield's second-place Wildcats was third, six votes back of Lewis.

Garney Henley of Huron College scored 141 points during the 1959 football season. In four years at the South Dakota school he tallied 394 points.

Use of Missiles in TV Ads Irks Air Force

CAPE CANAVERAL, Fla. (AP)—Missiles launched from the Air Force Missile Test Center are still flying — on television. The Air Force says it doesn't like it but what can it do?

"We don't favor the utilization of stock films in advertising which has nothing to do with the Air Force or national defense," an Air Force spokesman said today.

"However," he said, "it would be difficult and costly for us to monitor all network and local programs in an effort to stop this practice."

There are indications that cave-dwelling Indians lived in Utah as long ago as 1500 B. C.

Local School Levies Among Few To Fail in November

The Logan Elm School District's levies were two of the 7.1 per cent that failed in Ohio at the November 3 off-year general election.

In all, there were 649 levies submitted to Ohio voters with 92.9 per cent of them passing. Logan Elm's 2-mill renewal and 2-mill new levies for current operating expenses for five years and 2½-mill levy for one year for movable equipment both were defeated.

Although they lost, many Logan Elm residents have faith that both will pass at Tuesday's special election. Again today, school officials and citizens' committees ask voters to approve the levies Tuesday. Recently, the forward-looking people of the Logan Elm community joined together and voted the funds for a new high school building and an addition to the Washington elementary school.

THIS WAS THE first move of its kind in Pickaway County. "This shows progress and will provide an educational system second to none in central Ohio," officials said. "The lives of children will be enriched by attending better schools," they continued.

In the process of planning the new buildings the architects and board of education underestimated the amount of the minimum bids by about five per cent, or \$46,000. This amount of money is needed to equip the new high school.

To provide the funds for this equipment voters are asked to vote for a 2½-mill levy for one year only. There are sufficient funds to complete the new building.

"Any person who has done any building recently will be quick to realize that the planning committee did an excellent job in estimating total costs within 5 per cent of actual costs. Building costs are changing very rapidly at the present time," officials stated.

Voters also are being asked to vote for a renewal operating levy of 2 mills which they are paying at the present time and a new 2-mill operating levy to cover the in-the-schools.

The price residents pay for school materials and services are increasing each year. Many realize that all expenses are increasing. "However, the money that is spent on these local school taxes will be spent on district children and will not go to the state or the national levels for distribution. We receive more in return from these local taxes than from any other kind we pay," Carl Smith, Pickaway Twp. resident, said today.

"IT IS IMPERATIVE that our two operating levies pass so that schools can have sufficient funds to begin a new school term in September, 1960. These levies will provide \$110,000.00 during the 1960 calendar year for school operation. "It would be impossible for the

board of education to borrow this amount of money, therefore, schools could not open in September, 1960 if the operating levies are not approved. This problem is very acute and serious in nature," Smith said.

"There will be a special election held Tuesday to give each parent and each school patron an opportunity to vote for these levies after he has had time to consider the importance of these issues.

"Before voting, ask yourself this question, 'What is needed more than good schools and proper education for our children?' 'Then vote Yes for the operating levy and the equipment levy. Remember, the equipment levy of 2½ mills is for one year only,' he concluded.

Dr. W. Hoffman Is President of Medical Society

Dr. Zeph Hallenback, from Ohio State University, Columbus, was guest speaker last evening at the Pickaway Medical Society meeting held at Tinks Tavern.

Dr. Hollenbeck chose for his topic, "Causes and Treatment of Obstetrical Hemorrhages".

Following his talk, election of the 1960 officers was held with Dr. Warren Hoffman named president. Other officers elected were Dr. R. G. Smith, president - elect; Dr. J. M. Hedges, delegate; Dr. E. L. Montgomery, alternate delegate; and Dr. Montgomery, secretary-treasurer.

The Board of Censors of the society is composed of retiring presidents. They are Dr. H. H. Swope, three year term; Dr. Frank Moore, two year term; and Dr. Ray Carroll, one year term.

Federal Trade Agency Raps 9 Firms in Probe of Payola

WASHINGTON (AP)—The public has been fooled and competition has been suppressed by nine companies that slipped payola to disc jockeys, the Federal Trade Commission charges.

In return for payola, the FTC said Friday, the radio and TV disc jockeys gave the firms' re-playing the same records as often as six to ten times a day.

Because these payments were concealed, the FTC said, the public was deceived into thinking that the records involved actually were among the most popular ones.

A spokesman for the Edward S. Barsky Co., a Philadelphia record distributing firm, one of the nine named by the FTC, made

Nationalists See Red Strike Coming

TAIPEI, Formosa (AP) — A "ranking officer" in the Matsuo group of islands was quoted today as saying there are mounting indications that the Chinese Communists might launch a full-scale attack at any moment on the Nationalist-held islands at the northern end of the Formosa Strait. The Nationalist officer, whose name was not given, was quoted in a report from the islands by the official Central News Agency. The Nationalist report conflicted with one made Thursday by the commander of the U.S. 7th Fleet, Vice Adm. Frederick N. Kivette, whose forces guard the Formosa strait. He said the Red buildup on the mainland coast opposite Formosa has leveled off.

There are at least 10 cities on the Chinese mainland with population of more than a million.

Tigers Open Cage Season With 62-41 Win Over FH

Circleville's Tigers opened their basketball season with a boom last night to down host Franklin Heights, 62-41.

The outcome was never in doubt after the Tigers grabbed a 13-4 lead at the end of the first quarter and rolled to a 27-12 margin at halftime.

Coach Dick Snouffer's force ramblod to a 46-20 advantage as

the third period ended, then played it with ease in the final canto with replacements doing most of the work.

The Tigers floored a solid defense to hold the host Falcons to only one field goal in the first half, this coming with about 50 seconds left in the second quarter.

PLAYING it cautious, the steady Tigers zipped to a 6-0 lead before Franklin Heights finally connected on a foulshot. The locals then scored seven more points before the hosts cracked the ice with two more foul tosses.

The Tigers showed a fairly even scoring balance with Center Larry Hannahs opening the gate for 16 points. Linden (Hoot) Gibson, playing his first game as a HS varsityman, was a pleasant surprise as he connected for 13 markers.

Jake Bailey, displaying his usual aggressive floor play, found the range for nine points. Rebounding specialist Bob Shadley zeroed in for eight.

Sophomore Sam Weller, starting his first varsity game, came through with six points and added some important rebounding. Jim Tootle came off the bench in the last quarter to get seven quick tallies by hitting two of his four shots from the field.

Dave Hicks, used as the sixth man last night, displayed some excellent ballhandling and passed off well. He didn't try any shots from the field, but made one of two charity throws. Sophomore Dick

Kline made one of two shots from the field.

Hannahs kicked the lid off the season for the Tigers by dunking one from underneath a few seconds after the tipoff to give the locals a 2-0 lead. Bailey then drove in for two more and Hannahs netted two fouls to increase the lead to 6-0.

WITH the quarter half gone, Jerry Martin put the outgunned Falcons in the scoring column with a foul toss.

Hannahs then fired for two buckets, Gibson swished a one hander and Bailey connected on a foul to run the count to 13-1.

Gibson opened the second quarter with two rapid buckets, Hannahs and Shadley added two each from close in and Bailey hit on a long one. Bob Bapst then chalked the Falcons' first fielder, but not until the Tigers had taken a commanding 27-12 advantage.

With Hannahs, Shadley, Weller, Gibson and Bailey all hitting regularly, the Tigers pushed the score to 40-20 about midway in the third frame. From then on it was a matter of time before the locals chalked their opening win and first South Central Ohio League encounter.

Bapst, hitting mostly from under the hoop, paced Franklin Heights with 16 points. Martin aided the cause with 13 and Larry Levering contributed nine.

Ike, Italy Chief Discuss Summit Parley Prospects

U.S. To Offer Steel Peace Plan

WASHINGTON (AP) — Government mediators promised to offer some steel settlement proposals today at the first face-to-face meeting of industry and union negotiators held since Tuesday.

Director Joseph F. Finnegan of the Federal Mediation and Conciliation Service said in advance "We'll have some suggestions." He did not spell them out, but said his team of mediators has

been broaching peace plans to both sides right along anyway.

Finnegan explained that separate talks he has presided over daily since last Tuesday with the industry and then the Steelworkers Union have been exploratory and "routine mediation."

He said he has been trying to reconcile conflicting cost estimates with "the slide rule boys"—or the technicians on such matters as insurance and pensions.

There seemed to be little ground to be optimistic for a prompt settlement as called for Thursday night by President Eisenhower. The President said the public simply won't stand much longer for continued labor-management warfare in the steel industry.

Vice President Richard M. Nixon and Secretary of Labor James P. Mitchell discussed the strike situation Friday. Neither indicated that any definite course of action was mapped.

Mitchell said he is hopeful the strike will be settled before expiration of the court-ordered cooling off period.

Renewal of the 116-day strike is threatened when the Taft-Hartley injunction expires on Jan. 26. R. Conrad Cooper, top industry negotiator, estimated that union terms are nearly double what the industry is willing to settle for. The union demands, said Cooper, U.S. Steel Corp.'s executive vice president, would touch off a new round of inflation.

David J. McDonald, Steelworkers president, said he would be on hand for today's industry-union session. But he hinted he probably will let subordinates represent the union at some future sessions that look routine.

Brazil Revolt Snuffed Out Second Time

RIO DE JANEIRO, Brazil (AP) has snuffed out the second revolt against his regime.

About 25 rebel Brazilian air force and army officers have been scattered since seizing five planes early Thursday. At least two officers fled to Argentina in a hijacked airliner and were given asylum. Several others were captured and the rest headed deep into the jungles of northwest Brazil.

"I consider the incident closed," Kubitschek said Friday, declaring that "events like these never will be repeated in our country."

The midjet revolt aroused no popular support and even anti-government politicians and newspapers rallied around Kubitschek.

Several of the ringleaders were involved in a similar abortive revolt in 1956 which was crushed in 18 days. Kubitschek showed leniency and granted pardons to the officers then.

In the latest propaganda protest the officers charged the Kubitschek government with being corrupt and Communist-tainted. They flew the stolen planes to the small jungle town of Aragaracas, 1,100 miles northwest of here, and sought to rally support.

Government paratrooper took over the town and its airstrip early Friday, shortly after the rebels pulled out.

Kidnaper-Rapist Gets Life Term

WISCASSET, Maine (AP) — Woodcutter Rodney A. Austin, 44, Newcastles, was sentenced to life imprisonment Friday night for the kidnapping of a 14-year-old baby sister, Sharon Simmons.

A jury of seven men and five women convicted Austin on eight counts of abduction, rape, illegal transportation of a minor, defiling and carnal knowledge and of being a second offender. The jury found him innocent on one count of rape.

The ex-convict listened stoically to the verdict returned by the Lincoln County Superior Court jury after nearly seven hours of deliberation.

Austin's wife sat staring at the floor, crying quietly as the sentence was read.

U.S. President To Strive for 'Better Life'

Rome Government's Views Outlined to Visiting American

ROME (AP) — President Eisenhower discussed Western summit prospects today with Italy's Premier after pledging to strive for "a better life" for his grandchildren than he had himself.

Eisenhower, in a jovial mood despite Rome's continuing rain, met with Prime Minister Antonio Segni to review decisions expected at the Paris Western summit talks Dec. 19.

The conference with Segni, Eisenhower's second since arriving in Rome Friday, lasted nearly two hours at the Premier's office and ended just before lunch time.

White House press secretary James C. Hagerty told newsmen that Segni and Italian Foreign Minister Giuseppe Pella outlined their views on the forthcoming Paris meeting. He also reported that the Italians gave their views of European problems generally.

Answering questions, Hagerty said the Italian government did not request a role as an observer at the Paris meeting which is to bring together Eisenhower and the leaders of Britain, France and West Germany.

Earlier, the President had made his pledge to seek a better life for his grandchildren in a short talk at the U.S. Embassy.

Standing in the gold and gilt office of U.S. Ambassador James D. Zellerbach, the President told his audience "I do know the United States is not always admired."

Then with a quiver of emotion he added that his aim is to assure people everywhere the United States goal is just peace for all.

"I am going to try to interpret America to other peoples a little bit more emphatically, a little bit more accurately than has been done," the President said.

"I get a very great lift when I have a chance to do this kind of thing myself."

"Since I have four grandchildren myself, I am much concerned that they should have a better life than I had."

Eisenhower promised to try to make sure that United States motives are not misunderstood. And he gave the impression that this was what his current historic-making tour is all about.

Dickie, Age 9, Gets Special Note

MANHASSET, N.Y. (AP) — Dickie Van Noid, 9, received a very special letter Friday.

"I heard," it said, "you had some trouble with a bus and landed in a hospital. Here's hoping you get well soon and have a fine and merry Christmas. Good luck."

Dickie did have some trouble with a bus. His leg was broken in an accident two months ago, and he won't be out of the hospital for some time.

His dad, Associated Press photographer Hans Van Noid, attended a White House press reception earlier this week. He mentioned Dickie's plight to President Eisenhower.

The letter was from the President.

2nd Rape Suspect Cited into Court

Another Columbus man involved in rape attempts in Pickaway County and other areas has been apprehended by the State Highway Patrol.

William H. Davis, 22, was cited into Circleville Municipal Court today by the State Highway Patrol to face criminal assault charges. The patrol apprehended Donald Butcher, 19, Thursday in connection with the same rape attempts.

Judge Sterling M. Lamb bound Davis to the Pickaway County Grand Jury under \$10,000 bond on a charge of unlawfully and forcibly raping a 19-year-old girl several weeks ago in this county. The affidavit was filed by Sgt. H. A. Watson of the State Highway Patrol.

Davis and Butcher were picked up by the patrol after attempting criminal assault on one of three women Wednesday night in Fairfield County.

BUTCHER was slated to appear in Lancaster Municipal Court today

Ohio Northern Set To Expel Students

ADA, Ohio (AP) — Dr. F. Bringle McIntosh, president of Ohio Northern University says students involved in a second cross burning at the school in two weeks will be identified and expelled.

He made the statement Friday following a faculty meeting at which a cross burning Wednesday night on the Lima Hall lawn was reported.

The two demonstrations resulted from what some students described as religious discrimination against non-protestants attending the university.

Dr. McIntosh said that a cross burning on Nov. 22 resulted from false rumors and misunderstanding by a small group of students. He reiterated Friday that there is no discrimination on the campus.

Monkey Sam Doing OK after Ride in Rocket

'Little Joe' Missile Takes Passenger Out 55 Miles into Space

WASHINGTON (AP) — Sam the space monkey, alive and kicking after a violent rocket ride 55 miles up, arrives today at Norfolk, Va. There he'll set his feet on terra firma again for the first time since 11:15 a.m. Friday, when a "Little Joe" rocket shot him aloft from Wallops Island, Va.

This was Sam's dizzying odyssey from that point:

His space capsule, the kind future space men will ride in their first attempts to orbit the earth, roared to a height of 19 miles.

There an escape rocket ignited, blasted loose from the main booster rocket and carried the capsule on up to a height of 55 miles. Testing this escape mechanism, a key safety device for future astronauts, was the main purpose of Sam's journey. It worked perfectly.

For a few seconds the seven-pound monkey, on his firm cushioned cradle, was traveling 3,600 miles an hour. The pressure and strain was enormous compared to sea level conditions.

Then Sam tumbled earthward in the capsule. At 20,000 feet a small parachute blossomed and steadied the vehicle. At 10,000 feet the main parachute mushroomed and lowered the capsule into the Atlantic 200 miles east of Wallops Island. It had taken just 13 minutes from takeoff.

A radio beacon and a dye marker guided a Navy destroyer, the Borie, to the spot where the capsule bobbed and tossed in eight foot waves. The capsule was hauled a board in about two hours.

But Sam still was imprisoned, and the destroyer crew was reluctant to let him out for fear of damaging delicate instruments. Sam had a 40-hour supply of oxygen.

For a time the destroyer tried to transfer the one-ton capsule to nearby Navy Landing Ship Dock the Ft. Mandan, which had a veterinarian aboard. But the seas were running too high.

Finally, with the vet giving advice by radio and with further instructions from Wallops Island, the destroyer officers removed the monkey from the capsule. This was six hours after the launching.

"Alive and kicking," came the word from the National Aeronautics and Space Administration, which conducted the experiment.

Sam spent the night in the destroyer's sick bay, as it steamed toward Norfolk. For supper he got half an apple, half an orange and a cup of water. He ate and drank eagerly.

Big Treat Ahead For Local Kiddies

There is a big treat in store for every youngster of this community.

It is a brand new Christmas story which will appear for 15 days in this newspaper starting Monday.

The story is entitled "Santa and the Ice King," by Lucretia Hudgins Beale. It tells of a new adventure for Santa Claus and an Eskimo boy named Onik who lived in an igloo near the North Pole. Then there are some exciting characters as crooked-legged Tweedleknobs, the dwarf; Keotuk, a dog; and big polar bear that carried Onik away by the seat of his pants; the Sun Daughter; and finally the Ice Queen.

New Evidence Is Detailed To Link Cancer, Cigarettes

DALLAS, Tex. (AP) — There was fresh fuel today for a dispute between medical and tobacco industry researchers over what constitutes a link between lung cancer and cigarette smoking.

New anatomical evidence shows a direct relation between abnormal tissue changes which precede cancer, as well as lung cancer itself, and the number of cigarettes smoked, a scientist told the American Medical Assn. Friday.

His report drew immediate fire from the Tobacco Research Committee. Its spokesman declared that numerous other experts do not agree with the finding.

Dr. Oscar Auerbach, chief of laboratory service at the Veterans Administration Hospital in East Orange, N.J., made these points in a report to an AMA clinical gathering:

Studies of 17,597 lung tissue samples from 402 men who died in VA hospital "seem to us to indicate that cigarette smoking is today a major factor in the causation of lung cancer."

Sixty-three of the deaths resulted from lung cancer. All 63 men smoked tobacco, and 60 used cigarettes.

Of the 339 patients dying from other causes, 238 had smoked half

a pack or more cigarettes a day. Lung tissue from this group showed cell changes which "probably represent a change toward cancer."

Few changes appeared in lung cells of 55 who smoked little or none.

Auerbach, who also is an associate professor at New York Medical College, drew a conclusion that lung cancer and conditions leading to it "depend almost completely on the number of cigarettes smoked."

He added that this opinion agrees fully with previous evidence based on extensive statistical studies.

Those who worked with Dr. Auerbach included Dr. Arthur Purdy Stout of Columbia University and Dr. E. Cuyler Hammond of the American Cancer Society.

Taking issue with Auerbach and his staff was Dr. Robert C. Hockett of the Tobacco Research Committee, which has an exhibit at the AMA meeting here.

"These same observations, first publicized by Dr. Auerbach in 1956, have not since been accepted by many other pathologists doing the same type of work and frequently studying many more lungs," Hockett asserted.

This Jolly Old Santa Claus Puts Finger on Dope Peddlers

NEW YORK (AP) — Santa Claus has his eye on bad boys and girls, and he isn't waiting for Christmas Eve to leave sticks and stones in their stockings.

Already Santa has helped arrest 24 narcotics suspects.

A rather tired and frowsy Santa stood on Harlem street corners the past two weeks clanging his bell and singing "Rudolph the Red-Nosed Reindeer."

In his pockets, he carried lollipops. In his hand, he rattled a container for coins. In his head, he carried a photo and data file on drug traffickers.

Always near Santa were his helpers — two down-and-out loafers. When Santa spotted a familiar face in the crowd, he would shift his bell from one hand to the other. The loafers would saunter over, discreetly separate the face from the crowd, and search him.

Sometimes they found that the suspect's holiday cheer stemmed from the dope in his pocket — in which case the suspect was told the facts of life: This was not the real Santa Claus at all but just a play-like Santa, namely narcotics squad detective Edward Egan. The helpers were detectives Richard Pardo and Salvatore Grosso.

Friday, as Pardo and Grosso closed in on Kathleen Johnson, 27, the woman dropped 10 envelopes each containing enough heroin for one injection. Pardo and Grosso pretended to overlook the envelopes, but Santa Claus Egan shuffled over and absent-mindedly picked them up.

At a police station, the woman demanded: "What are you pulling me in for? You haven't got any evidence!"

plied Pardo.

In another incident, what appeared to be a Harlem housewife coyly dropped a coin in Santa Egan's cup and held out her hand for a lollipop. Egan shifted his clattering bell and his helpers moved in.

The housewife turned out to be something of a masquerader, too, not a housewife at all but rather Fred (Beaut) Cotton, 35, in woman's attire complete with lady's shoes and girdle. Grosso and Pardo said they found 30 packets of heroin on him.

Solon Chides Federal Actions on Tobacco

WASHINGTON (AP) — Sen. Stephen M. Young (D-Ohio) asked today why the government supports the price of tobacco on the one hand and warns against smoking on the other.

Young, a member of the Senate Agriculture Committee, said the government spent nearly two million dollars on its tobacco program last year.

"At the same time, the nation's Public Health Service warns to stop smoking for fear of lung cancer," Young said.

Incentive Bonuses To Average \$4,700

CLEVELAND (AP) — Lincoln Electric Co. Friday paid out a total of \$6,488,167 in incentive pay checks to its 1,371 employees here and in 38 district offices throughout the country. That averages more than \$4,700 per employee. The company has been giving the incentive bonuses since 1934 and has paid out a total of almost 94 million dollars in that period.

Ike Is Having 'Wonderful' Time in Rome

ROME (AP) — President Eisenhower had a truly wonderful time. That's the way the President himself put it in expressing thanks to his hosts, Italy's President and Mrs. Giovanni Gronchi, after dinner and a reception in his honor Friday night at the 400-year-old Quirinal Palace.

It was a swanky affair which brought out the high society of the political world, as well as bishops and other members of the hierarchy of the Roman Catholic Church.

At dinner there was only a small group which included the President's son and daughter-in-law, Army Maj. and Mrs. John Eisenhower. They are accompanying the President on his goodwill mission to 11 nations in Europe, Asia and Africa.

About 3,000 guests were invited to the reception after dinner by the Gronchis and it's a safe bet not many of them missed it.

For about 45 minutes Eisenhower wandered through a dozen lavishly decorated rooms of the ancient palace, once the residence of popes. From all sides the applauding sets moved in on the President.

Beaming all the while, Eisenhower occasionally spotted a familiar face and stopped to shake hands. Often he returned the greetings of strangers.

Basic Metals Prices Hinted For Increase

Historic Pattern In Steel Industry Calls for Pay Hike

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—The chances seem growing today that manufacturers may have to pay higher prices next year for basic metals. This seems so despite the insistence of steel management that it is set on holding the price line.

Whether steel prices go up or down, the settlement of the dispute in that industry over wage increases and working rules. But when the government steps in—as is now threatened if labor and management can't come to an agreement—the historical pattern has been to grant wage increases which the companies contend must be offset by price hikes.

With manufacturers' steel inventories so low, they could put up little fight against paying what the steel companies might ask.

Copper prices have firmed up already, due to a supply shortage in that strike beset industry. Final labor contracts will help set the price pattern there—perhaps still higher prices.

The aluminum industry makes no bones about wanting to raise prices—if it can get away with it in the face of foreign competition. Aluminum companies also have labor contracts to hammer out. These are being held up awaiting the outcome of the wage and rules dispute in the steel industry.

But aluminum management contends that even without another pay boost their present prices already are too low under current operating costs.

In industries where contracts have been signed this year, the wage scales plus fringe benefits have gone up an average of 10 cents an hour.

Still other industries will increase wage payments next year under old contracts providing for them. And thousands of workers get more pay when the cost-of-living index reaches new peaks.

All this is why many manufacturers see rough sledding ahead in holding down their own operating costs—and hence the prices of their own products.

Wee Freedom To Cost Con 2 More Years

COLUMBUS, Ohio (AP)—A few days of freedom will cost Theodore Kramer, 37, two additional years in Ohio Penitentiary.

Kramer entered the penitentiary in 1951 from Clark County to serve a life sentence for burglary of an inhabited dwelling. He escaped in a guard's car parked in front of the prison while returning to a job outside the walls. Cleveland police captured him four days later as he slept in the car.

He would have been eligible for a parole hearing in 1961. He still will receive the hearing, but the Pardon and Parole Commission will act on a prison court recommendation. That court, composed of penitentiary officials, has recommended that Kramer be deprived of two years "good time" that he has served, thus setting his next possible release date two years beyond 1961.

The escape could cost him more time in prison. He appeared in Columbus Municipal Court Thursday and was bound to the grand jury under \$1,000 bond on a charge of auto theft. He pleaded innocent.

The Census Bureau counted 1,123 private detective agencies in the United States in 1958.

Logan Area Removed From Critical Job List

WASHINGTON (AP)—The Athens-Logan-Nelsonville, Ohio, area has been removed from the critical unemployment list, the Bureau of Employment Security announced Thursday.

However, Columbus, Ohio, was changed from the 1½-3 per cent category to the 3-6 per cent area because of cancellation on an aircraft contract.

JUMPING FROM THE FRINGE OF SPACE—Making the highest leap in history to prove space pioneers can parachute from the fringes of space with no ill effects, U. S. Air Force Capt. Joseph W. He reached the ground in "perfect condition" after a record 14½-mile jump. He plummeted 12 miles and was falling at 450 miles an hour when his chute opened.

Public Utility Rates Seen As Campaign Issue in 1960

COLUMBUS, Ohio (AP)—Public utility rates will figure in election campaigns again next year, it became apparent today at Gov. Michael V. DiSalle's Cabinet meeting.

The governor termed it "almost imperative" that officials draft proposed legislation to change the rate-base formula before the political parties hold their 1960 conventions. His observation followed reiteration by Edward J. Kenealy, Public Utilities Commission chairman, that the present rate formula is weighted.

Attempts to change the formula at DiSalle's urging failed in the last Legislature.

DiSalle urged Kenealy to sound out representatives of utilities and municipal groups promptly in preparation for new rate legislation.

Cabinet members reported on flood control projects, prison food and state personnel reclassification.

Health Director Ralph E. Dwork said tests have not established the source of contaminated turkey and pumpkin pie that made about 850 Mansfield Reformatory inmates ill Thanksgiving night.

Dwork said food handlers were suspected and that it is urgent to identify them to prevent a recurrence.

Herbert B. Eagon, natural resources director, reported a new summary of flood control programs shows that nearly 500 million dollars would be spent in Ohio if present plans are fulfilled.

Turkey Ready For Visit by U.S. President

ANKARA, Turkey (AP)—Turkey anticipates the visit of President Eisenhower with an excitement unusual for this silent and often aloof land.

Signs are popping up in strange places—"Turks like Ike too." In peasant villages almost lost on the desolate plateau of Asia Minor, in sophisticated, cynical Istanbul, evidence of interest runs high.

"Our people seem to have a tremendous personal feeling about your President," a high ranking Turkish official said. "We have had applications from all parts of Turkey to come here to see him. Thousands of them. It's amazing."

During his 17 hour visit Sunday and Monday President Eisenhower will see only the capital of this NATO ally of 25 million people, larger in area than Texas and as contrasting as Montana and Florida.

Turkey is too large and rural a country to be defined by a city, but Ankara does it better than any other.

Here Eisenhower will be greeted by leaders he already has met, President Celal Bayar, Premier Adnan Menderes and Foreign Minister Fatin Rushtu Zorlu. Like virtually all Turks in public life, these men have thrown their support behind Western and American policy. There are no stronger advocates than they of the Atlantic Pact and such regional defense groups as the Central Treaty Organization (CENTO).

Injuries from Fight Fatal to Cincy Man

CINCINNATI (AP)—Injuries suffered last Wednesday when an argument led to a fight with a fellow construction worker caused the death at General Hospital Friday of Alexander Clifton, 30, of Cincinnati. Police said Clifton got into a fight with Paul Colhoun, 28. Calhoun was charged with assault to kill.

TV Education Network Gets State Study

COLUMBUS, Ohio (AP)—Gov. Michael V. DiSalle has appointed a nine-member commission to study the feasibility of a statewide education television network for schools and the general public.

The group, appointed Thursday, is known officially as the Ohio Interim Educational Television Study Commission.

The commission also will look into the possibility of setting up a single statewide broadcasting facility for various state agencies, such as the highway safety, highway and natural resources departments.

Statute required the appointment of Dr. E. E. Holt, superintendent of public instruction, and a member representing a tax-supported institution of higher learning. Besides Holt, the governor named Dr. Novice Fawcett, president of Ohio State University.

Also required on the commission were representatives of a non-tax-supported university, the Ohio Council on Educational Television and the Ohio Assn. of Broadcasters.

To fill those requirements, DiSalle named the Rev. Paul O'Conner, president of Xavier University, Cincinnati; Richard B. Hull of WOSU-TV, Ohio State University's television station, Columbus, and Allen Land, general manager of WHIZ-TV, Zanesville.

Other appointees are:

Prof. Vincent Jukes of Ohio University, Athens; State Sen. Oliver Oakes (D-Summit), co-author of the law creating the commission; Sen. Theodore M. Gray (R-Miami) sponsor of laws on educational TV, and Prof. David W. Bergstrom of Miami University, Oxford, Ohio.

U.S. Scientist Says Reds Chalk Gains

LOS ANGELES (AP) — The scientist who directed development of America's first space satellite says the Soviet Union is beating Uncle Sam to the punch—in propaganda as well as space.

Actually, the U.S. has launched more successful satellites than the Soviets, Dr. William H. Pickering told the Electronic Industries Assn. Thursday night.

"But each of their launchings has been carefully calculated to produce impact on the people's minds," he added, "while ours have been more in the nature of scientific consolidations."

However, he conceded that the Soviet Union is far ahead in space achievements. Pickering, director of Caltech's Jet Propulsion Laboratory, urged non-military control of America's space program to dramatize U.S. feats.

Ohio Tax Districts Slated for Merger

WASHINGTON (AP)—The Internal Revenue Service announced that, effective Jan. 1, Ohio will have only two IRS districts instead of the present four.

The Toledo district will be merged into the Cleveland district and the Columbus district will become part of the Cincinnati district.

Cuts in personnel will be made through retirements, transfers within IRS and transfers to other agencies. IRS will continue to maintain offices in Toledo and Columbus and taxpayers will continue to file returns there.

Cleveland Accused In 2 Bank Robberies

CLEVELAND (AP) — Federal bank robbery charges have been filed against Arthur Willie Leaks Jr., sought for two holdups in which the robber threatened tellers with bottles he said contained nitroglycerine.

Leaks was charged Friday, according to E. R. Hargett, FBI agent in charge, with the \$2,500 robbery of the University Circle Branch of the National City Bank Oct. 2 and the \$2,600 robbery of the Central National Bank Branch last Tuesday.

Ike Says U.S. Message Is: Peace-Friendship in Freedom

WASHINGTON (AP)—America's real message to the world, says President Eisenhower, is "peace and friendship in freedom."

The President hit hard on that theme in a televised address to the nation just before leaving on a three-week trip that will take him half way around the world.

He described his trip as a mission of peace and good will.

He also renewed his appeal for an end to the steel strike, and said efforts to sustain the peace depend on a healthy economy.

He spoke of "a peaceful barrier, erected by freedom" in plugging for mutual security or foreign aid spending.

The President spoke from his White House office.

"I shall try to convey to everyone our earnestness in striving to reduce the tensions dividing mankind—an effort first requiring, as indeed Mr. Khrushchev agrees, the beginning of mutual disarmament," he said. "Of course, I will stress that the first requirement for mutual disarmament is mutual verification."

With the spirit of Camp David still prevailing, this was the only reference to the Soviet leader in Eisenhower's 15-minute address.

Nowhere in his address did the President use the words "Communist" or "communism."

His references to the communist threat came in these passages.

"For years doubts about us have been skillfully nurtured in foreign lands by those who oppose America's ideals."

"Our mutual undertakings support those who strive to forestall

aggression, subversion and penetration.

"In a world sorely troubled by an atheistic imperialism, (foreign aid) is a strong instrument of hope and encouragement."

Eisenhower said "I hope to make this truth clear—that, on all this earth, not anywhere does our nation seek territory, selfish gain or unfair advantage for itself. I hope all can understand that beyond her shores, as at home, America aspires only to promote human happiness, justly achieved."

Bank Aide Admits Taking \$340,000

TENAH, Tex. (AP)—A bank employe, accused of false entries, blamed his sideline business as a contractor for a \$340,000 shortage which closed the bank here.

Bank officials said all claims by depositors will be paid.

FBI agents charged Clifford Gary, 34, after examiners found the money missing. He posted \$3,000 bond in the case at Tyler, Tex., Thursday night.

"I knew I was taking the jobs too cheap," said Gary of his construction firm, which bid mostly on brush clearing and roadbed building.

"I just kept trying to make a comeback and get on a paying basis. One thing led to another and I didn't make it."

Postmaster Walters Urges Early Mailing for Christmas

"It's time to start those Christmas mailings!" Postmaster Charles Walters said today. "On the calendar Christmas is three weeks away, but here in the post office it's Christmas every day from now on."

"Actually, to get all of the Christmas gifts and cards delivered on time is largely a matter of advance planning and preparation that should be done this week," the Postmaster pointed out.

"Don't take chances on mailing poorly wrapped packages," he said. "Use sturdy corrugated mailing cartons, plenty of heavy brown wrapping paper and be sure that every package is tied with strong cord. Cartons containing several gift packages should be well stuffed with tissue or old newspapers to cushion the contents."

He said further, "If you have articles of unusual size or bulk, better check with the post office before attempting to mail them—the limits on size and weight of packages vary, depending on where you mail your packages from."

AS AN EXTRA precaution against loss, Postmaster Walters advised placing both return address and the recipient's address on an extra label inside the carton or package before it is wrapped.

If using Christmas stickers or seals, put them on the back of Christmas card envelopes so that they will not conflict with the address on the front.

Before mailing gift packages be sure that proper postage is firmly affixed to each.

It's always a good idea to place

a piece of transparent cellophane tape over the address portion of the label to prevent defacing it in transit. Most important of all, be sure to include the recipient's full name, street address, city, zone, and state on labels.

Here's some other helpful suggestions from Postmaster Walters. Always send Christmas cards by first class mail. They will be delivered quicker and they'll be forwarded or returned, if it become necessary.

Christmas cards sent by First Class four cent or seven cent Air Mail may carry written messages. Cards sent with third class three cent postage may only have a written signature and will not be forwarded or returned.

IT IS ALWAYS advisable to include return name and address on each Christmas card envelope because this helps friends to keep their mailing lists up-to-date and insures correction of your own list if the card is returned as undeliverable.

The postmaster reminds us that the entire Christmas mailing period is primarily a battle against time. If you delay now in getting Christmas cards and gift packages to the post office, dreaded pile-ups are bound to occur, causing unavoidable slowdowns in deliveries as the holiday approaches.

All mail going long distances should be sent before Thursday. Christmas packages for local delivery should be mailed by December 15 and be sure to mail Christmas cards for nearby destinations at least a week before Christmas.

College Costs on Increase

There should be little doubt that the future of this nation as the world leader depends largely upon the relative strength of its educational facilities and the wisdom imparted by them to tomorrow's generation. The world of the future promises to be a terribly complicated one, demanding mental giants to cope with its problems.

Two surveys made recently by different organizations concerning the indicated future of American education have simultaneously discovered two major contradictions in the present public mood. Parents and institutions of higher learning agree that children of today must go to college; but neither is making adequate plans to insure the fulfillment of this desire.

A nationwide investigation by the Ford Foundation found two-thirds of American parents convinced their children should and would go to college, but only 40 per cent had begun to save toward this aim. Apparently ignorant of the cost of higher schooling, the 40 per cent who were saving were doing so at an insufficient rate.

A Chicago management consultant firm found a equally distressing lack of future planning on the part of the nation's colleges and universities. After a year-long

survey, investigators from Booz, Allen and Hamilton estimated college expansion plans will fall short by 1 million students by 1970.

Total expenses of college students now average \$1,700 a year in state-supported institutions and upward of \$2,200 annually in private schools. Thus parents can expect a bill of at least \$7,000 to send each child through college.

It is not enough to plan for a college education and guide a student through the necessary high school scholastic channels if adequate means are not provided to finance the important step. Many parents and children will be disappointed in their aims for the future by not realistically preparing for the fulfillment of their desires. For most persons, this can only be accomplished by a long-range saving program.

Courtin' Main

Most people who brag about an open mind have a mouth to match.

There's Need for Upsets

Among the virtues of the American education system, according to a commentator recently, is that it produces "well adjusted" types.

At first glance this is a happy thought—a coming generation in which no one is angry with his contemporaries of his surroundings; everyone getting along well together. Has it not been hammered into the populace for many years that well adjusted people never have to lie on psychiatrists' couches revealing ugly secrets?

What better task could educationists apply themselves to than one which could lead to psychiatrists having to throw their couches out of the window?

But instead of being appealing, except in its most superficial and sentimental sense, the thought of a growing nation entirely peopled with well adjusted types is utterly revolting. The great men and women who shaped the course of human events throughout history were, almost without exception, poorly adjusted and quite unable to fade pleasantly into a neutral, insipid, supine group role in a vague and sunny community landscape.

On the contrary, they were intellectually and emotionally turbulent. Around them there usually boiled a storm of controversy and apart from their fame—which always attracts sycophantic admirers—they were more often hated than loved by their generation.

This page would not be big enough to list the names of those whose genius and talent brought them to the front among their fellow men, but from the classic examples of Socrates and Aristotle to the present, they all seemed to be maladjusted in the soothing climate of their day.

Stripped of its neo-psychological mumbo-jumbo, the "well adjusted" idea is not in step with the American spirit. The educational mill should produce for this expanding nation dynamic individualists and independent thinkers who care nothing for group labels, not pleasantly beaming mediocrities living in permanent peace with their environment.

Even the intellectually arrogant are preferable to the intellectual Caspar Milquetoasts and meek camp followers.

Taft Was Man of Conscience

By James Marlow

Senator Robert A. Taft was a difficult man to know intimately. He was my friend and I favored his political ambitions. But his memorandum, more like a last testament, which has been discussed for many years but not disclosed publicly until "The Insider's Newsletter" referred to it, was designed to soften the blow of defeat for the managers of his 1952 campaign for the Presidency. This memorandum explains why Taft thought that he had been defeated in 1952.

Bob Taft, after he was defeated, asked his friends to give President Eisenhower their full support. I dined with the Senator after Eisenhower was in the White House. Taft was very anxious that Eisenhower should succeed. He had many doubts and scruples on the subject but requested his friends to give Eisenhower as much support as they had given him. Taft disliked the type of man whom President Eisenhower brought to the White House with him. He told me a few weeks after Eisenhower took office that Sherman Adams had to be countered. Taft was a dying man at that time.

The memorandum gives the impression that there were no errors in the efforts to win the nomination for Taft. This unfortunately is not quite so and proves that Taft could not recognize the faults of his lieutenants. That in itself was one of his greatest

misfortunes. They quarrelled among themselves; they differed on policy; and although Bob Taft was as professional a politician as had ever managed a political party, most of his associates were delightful men but not disclosed publicly until "The Insider's Newsletter" referred to it, was designed to soften the blow of defeat for the managers of his 1952 campaign for the Presidency. This memorandum explains why Taft thought that he had been defeated in 1952.

Bob Taft, after he was defeated, asked his friends to give President Eisenhower their full support. I dined with the Senator after Eisenhower was in the White House. Taft was very anxious that Eisenhower should succeed. He had many doubts and scruples on the subject but requested his friends to give Eisenhower as much support as they had given him. Taft disliked the type of man whom President Eisenhower brought to the White House with him. He told me a few weeks after Eisenhower took office that Sherman Adams had to be countered. Taft was a dying man at that time.

The memorandum gives the impression that there were no errors in the efforts to win the nomination for Taft. This unfortunately is not quite so and proves that Taft could not recognize the faults of his lieutenants. That in itself was one of his greatest

I knew well and talked to many of the men involved in this campaign. They wanted Taft. They believed in Taft. But they were told by pollsters and others that Taft could not be elected.

I can recall many hours of arguments. How could they know that Taft could not be elected? He had always carried Ohio which was an industrial state in which the unions were all powerful. The industrialists did not want to take a chance. It was the Willie situation all over again. Nobody really wanted Wendell Willkie whom the industrialists and bankers supported because they believed he could win.

Some of Eisenhower's most ardent public supporters said privately that they knew nothing about him; that they did not believe that he would be an especially competent President; but that he was popular with the

masses and that he could be elected. They preferred to risk supporting an uncertain General who could be elected rather than support a known Senator, who had been their friend, but who they believed could not be elected.

Senator Taft's memorandum about the industrialists and bankers is a correct estimate of the role they played. The same people had been seeking a candidate since they put up Alf Landon against Franklin D. Roosevelt. They failed with him. They failed with Wendell Willkie. They failed twice with Thomas E. Dewey. They felt that they had a sure winner in Eisenhower and they were right.

Taft knew all about this. As a matter of fact, I discussed with him every phase and every operation involved in about two years of pre-convention effort. He came up to my farm in Massachusetts one summer day to go over some of these matters. Concerning one situation he said:

"If that is what I have to do to run for President, I don't want it. I won't do it. I won't do it!"

Robert A. Taft was defeated because he was a man of conscience, of puritanical conscience trying to make his way in an outrageously ruthless play of forces called politics. He failed because of his conscience.

On August 15, 1944, the U. S. Eighth Fleet, under Vice Admiral H. K. Hewitt, landed troops in three areas east of Toulon in Southern France, bringing to a close that phase of WWII that had begun in North Africa.

To the Voters of Logan Elm School District:

Tuesday we have a chance to vote for or against our school children. A yes vote on the renewal and new levy for operation means that our present schools can be opened next fall with our present good teachers and facilities for the education of our children.

A yes vote on the equipment levy means that we can put all of our high school students into a fine new building with a chance for an education to permit them to enter the business or professional world with an even chance with any other high school student of Ohio.

We feel that the Logan Elm Board of Education has done the very best that it could do with the rising costs. Since we all know that we ourselves often underestimate the cost of things we plan to build or buy, can we hold any ill feelings because the amount for our new school equipment and building has been underestimated by only 5 percent?

The cost of these levies to each taxpayer will be comparatively small. We probably would spend the amount these levies will cost us for unimportant things each year without any thought of the good this money can do for our schools.

Go to the polls Tuesday with us and vote FOR our Logan Elm School Children.

Frank R. Lands
Mary Kathryn Lands
Route 1
Stoutsville

Dear Logan Elm School District Voters:

The Constitution of the United States, Article I, Section 8, states in part "The Congress shall have power to levy and collect taxes, duties, imposts and excises."

The thinking of many people is, I believe, that a large number of taxes are "forced" upon us by Congress. We, of the tax paying public, have little voice in this form of legislation.

Then, a local tax issue is placed on a ballot. There are those who will feel, "by golly, here's a chance to stop some of this taxation." This type of thinking so obliterates the issue that it's need and usefulness is often pushed aside.

Other voters will look for excuses. As in the case of the Logan Elm School District, they will say, "these schools were good enough for me and they're good enough for my kids." Teachers only work nine months out of twelve. Why do they need more money? "The site of the new high school building is not well located." "My children have all graduated,"—on and on they go.

If we would all stop for just a few moments and analyze our own "excuses," I am sure we will be convinced they are very insignificant when the real issue comes into focus.

Is not the educational enrichment of our youth one of the foremost problems of our day? Have you not said, "I want my children to have the advantages I missed as a child"? Even for those who may no longer have children in school, remember your own childhood.

In the present age of space conquest and the striving for international understanding, can equitable education be obtained for our children without maintaining and expanding our school facilities? I firmly believe they can not!

It has only taken about two minutes of your time to read this letter. Won't you stop several minutes more and consider your own specific case. Then, I believe, you as a conscientious voter, will go to the polls Tuesday and cast your ballot for the youth of the Logan Elm School District.

Yours truly,
Roger H. May
Member Citizens Committee
Logan Elm School District

Dear Sir:
There was a time, not too many years ago, when the graduate of one of our local high schools could doff his cap and gown, pull on his overalls, scrape together a few

tools and presto! he was in business—a farmer.
Or he could apply to industry for a job, and with nothing more than the "three R's" and hard work to back him, he could really get somewhere. If he chose a college education, he could apply for admission anywhere, get in anywhere, if he applied himself a little.

Colleges and universities begged for students and tried to keep them until they were graduated. But no more.
How many new farmers will the rich soils of Pickaway County support? Not many. It has almost come to the point where someone has to leave or retire before there is a place for someone new. In addition, the capital requirements for the new farmer are almost prohibitive.

In industry, the good jobs, the jobs with a future, go to the most newcomers. Today our universities are overcrowded—they select applicants carefully and weed out the poorest students ruthlessly.

These are facts. There are and will be exceptions to them, but by and large the graduates of Logan Elm School District, and the citizens who provide their education, must face them.

As school districts go, Logan Elm is a "rich" district. We have every material means to give our children an education that will enable them to compete with anyone anywhere.

To achieve this end, our school board first promoted consolidation and then proposed a modest, conservative building program to permit bringing an adequate high school curriculum to life in our school district. (If "modest and conservative" sound inappropriate to you, please reread the cost figures for other high schools recently proposed in this area.)

The residents of Logan Elm School District approved these plans and voted that bonds be issued to pay for the new educational plant.

Then something happened. Actual building costs on the new high school, reflecting the general inflation, ran 5 per cent over estimates and an additional 2-mill tax levy was needed to meet rising operating costs.

Last November 3, we flatly rejected both levies. Tuesday we are asked again to provide the money to keep our grade and high schools in operation and to complete Logan Elm High School in time for the 1960 fall term.

It seems inconceivable that the voters of this district will permit their schools to close and force their new high school to stand empty of needed equipment. We will make principle and interest payments on the new school for the next 20 years, regardless of the outcome next Tuesday.

What do they who oppose these levies propose to do next? Surely, if the levies fail, the next move is

Tips on Temperature

By Herman N. Bundesen, M.D.

Everyone, I'm sure, has had his temperature taken from time to time. So, obviously everyone knows how to do a simple thing like taking a temperature.

Yet a few brief tips might make it even easier, so let me pass on a couple of suggestions to you.

You don't have to shake the mercury all the way down. Just be sure that the thermometer doesn't register above 95 degrees when you pop it into the patient's mouth.

Make the patient keep it under his tongue with his lips closed for a minimum of three minutes. Wait at least 15 minutes before taking the temperature if the patient has just had something to eat or drink or if he has just taken a bath.

Once you are through with the

instrument, it should be wiped with tissue paper and rinsed in cold water.

Don't return it to the box or hold-er again without sterilizing it in some way. Probably the best thing to do is to place it in an antiseptic solution and leave it there until the next time you have to use it.

When the patient is a child, it usually is best to use a rectal thermometer. Here, too, a few tips might make the temperature-taking chore a little easier.

Have a child lie on his side and tell him to breathe through his mouth. This will help relax the muscles around the rectum and make it easier to insert the thermometer. It should be inserted up to the 98.6 degree mark.

If the youngster has had a bowel movement, wait approximately one hour before taking his rectal temperature.

When you have finished, wipe the instrument with a piece of tissue

or cotton moistened with soap and water. Rinse the thermometer in cool water and then disinfect it in a solution recommended by your doctor.

Maybe you knew how to take a temperature all along, but I'll bet you know a little bit more now than you did a few minutes ago.

Question and Answer
Mrs. T. L.: Please tell me if we have two thyroids and if removal of a thyroid will cause a change in the singing and speaking voice.

My hair has become very thin. Would this also be due to the thyroid condition?

Answer: We have one thyroid gland which consists of two lobes and a connecting isthmus. Its removal does not affect the voice unless the nerve to the larynx is accidentally injured during the operation.

Although thyroid disturbances may cause thinning of the hair, there may be other causes as well.

Worship Every Week ---

'Promise of a Better Life' Slated at Church of Christ

"Promise of a Better Life" will be the sermon topic at the 10:30 a. m. Worship Service to be delivered by Jack Rankin, minister, at the Church of Christ this Sunday morning.

While man struggles through this world there is a yearning for a better tomorrow. There is a book by the title "Tomorrow Will Be Better" which is a book of hope. It is only right for us to want to see a brighter expectation of tomorrow's happenings while we journey in this earthly tabernacle. It is the Divine Hope that we should seek above all. From Ephesians Chapter, two one can clearly see there is no hope for the man out of Christ.

For one to have the promise of a better life Titus gives us these words of inspiration, "looking for the blessed hope and appearing of the glory of the Great God and our Saviour Jesus Christ." (Amer. Standard Version).

Would we be ready for this appearing this day? Our hope should be in focus for this better life ahead. We will study together this promise of hope from the standpoint of those who now have it and from those who wish to obtain it. A warm welcome awaits you and your friends.

Christian Union

The morning Worship Hour at the Church of Christ in Christian Union, 436 E. Ohio St., will begin at 10:30 a. m. The Rev. Richard Humble will deliver the message. Special music will be presented by Norma Jean Lockbaum and by Nancy Ayers and Carol Carter.

Sunday School will commence at 9:30 a. m. in every department

with the regular superintendents in charge.

Junior church will be in progress in the junior department auditorium during the 10:30 a. m. adult worship Service.

In the youth chapel at 6:30 p. m., there will be a Candlelight Missionary Service under the leadership of Karen Ayers, youth president.

The pastor will be the speaker in the evangelistic hour at 7:30 p. m. Musical numbers will be provided by the church trio and the Dorsey Trio.

First Baptist

The Worship Service in the First Baptist Church will begin at 10:30 a. m. Sunday. Sunday School will begin at 9:30 a. m. with classes for all age groups.

"Prayer Is Powerful" is the theme for the morning Worship Service. Scripture will be read by the Rev. Paul White from the twelfth chapter of Acts.

The congregational hymns will be "Tis the Blessed Hour of Prayer", "Sweet Hour of Prayer", "Seal Us, O Holy Spirit" and "I Am Praying for You".

Sunday evening Worship Services will begin at 7:30 p. m. preceded by the Baptist Training Union at 6:30 p. m.

Gospel Center

Services in the Gospel Center will begin with Sunday School at 9:30 a. m. Sunday with classes for all ages.

At the 10:30 a. m. morning Worship Service, the Rev. S. Metzler will present the sermon "My Spirit Shall Not Always Strive With Man" Gen. 6:3.

The Rev. S. Metzler also will bring the message "To Destroy the Works of the Devil" I John 3:8 at the evening service at 7:30 p. m. Sunday.

The mid-week Prayer Meeting will be held at 7:30 p. m. Wednesday. Prayer is not only a privilege, it is also a duty. Jesus said, "Men Ought Always to Pray and Not to Faint", Luke 18:1.

First E.U.B.

"Looking to the Kingdom" has been chosen by the Rev. O. F. Gibbs for his sermon subject to be delivered Sunday morning in First Evangelical United Brethren church.

The service begins at 9:30 a. m. Hymns to be sung by the congregation include "We Three Kings of Orient Are", "The First Noel" and "Hark! the Herald Angels Sing". The Fidelis Chorus, directed by Miss Lucille Kirkwood, will sing, "How Beautiful upon the Mountains" and "But Thou, Bethlehem" (Holton).

Mrs. Verneal Thomas, organist, will play the following numbers: prelude, "He Shall Feed His Flock" (Handel); offertory, "Christian Meditation" (Shackley); and postlude, "Festive Postlude" (Witmark).

Edwin Richardson will assist the pastor in the Worship Service. Sunday School in the children's department will convene in the service center at 9:25 a. m. and close at 11:10 a. m. with Mrs. Robert Dumm and Miss Virginia Wise in charge.

The Sunday School Council sincerely feel that this new schedule for Sunday morning activities will best present the program of Christian Education in our Children's Department. Nursery care is provided during both Worship Service and Sunday School. Church School in the youth and adult departments will meet following the Worship Service.

Presbyterian

For the remainder of the Advent Season, worship services at the Presbyterian Church will pursue the general theme: "The Unspeaking Gift."

At the 10:30 morning hour of worship, the Rev. Donald Mitchell will read the Scripture from the Gospel according to Luke, chapter 1:1-38. From this he will preach the message: "The Handmaid Of The Lord."

What must have been the impressions, the joys, fears and tribulations of the Holy Family as they found themselves the chosen channel through whom the God of the Universe was visiting the people of Earth? How did Mary feel about mothering the Child Messiah? Who today could meet the unbelievable circumstance with the wisdom, dignity and composure of Joseph who found himself fostering this Holy Child? And what of the Child?

Mother, father, Child: God speaks to men through each member of the Holy family during Advent 1959. What could possibly be more important than that we come before Him for worship, that He may speak to our souls and that men may know that we have been with God?

Succeeding messages will be: "And Joseph Also" and finally, "Saviour Of Men." The music Sunday will include the Junior Choir anthem, "Going to Bethlehem" by Davis. The Junior and Senior Choir together will sing the anthem, "The Wise Men Bring Their Learning" with Mrs. Ronald Knecht singing the descant. Mrs. Clark Will is the director.

Mrs. Joseph Adkins, at the piano and Mrs. Huston, at the organ, will offer a duet entitled "Sheep May Safely Graze" by Bach. Advent hymns and carols to be sung in the Worship Hour will include: "O Come, All Ye Faithful", "O Little Town of Bethlehem" and "Silent Night! Holy Night!". At the organ, Mrs. Theodore L. Huston will play "Chimes de Matin" by d'Antilly; "Emmanuel" by Rossini; and "Postlude in D" by Bridge.

In the evening the Westminster Fellowship will meet at 7 p. m. in the chapel for devotions led by Barbara Jones and Donna Myers. The hosts will be Steve Spicer and David Hill. The program will be a book review by Mrs. Mitchell entitled "The 7 teen Years."

St. Philips

Bible Sunday will be observed at St. Philip's Church Sunday with celebrations of the Holy Communion at 8 a. m. and 10 a. m.

The Rev. William G. Huber will be celebrant at both services and will preach at the 10 a. m. Holy Communion.

Servers at the early service will be Mike O'Donnell and Billy Weldon. Douglas Thompson, Chip Harrod, Tom Wright and John Wright will be acolytes at the late service.

The Choir will sing the Advent plainsong "O Come, O Come, Emanuel" in an arrangement by Ringwald and the Healy Willan setting of the Holy Communion at the 10 a. m. service. Mrs. Betty Goodman will be the organist.

Following the traditional Holy Scriptures theme for the Second Sunday in Advent, the congregation will sing the following hymns:

"O Word of God Incarnate;" "Book of Books, Our People's Strength;" and "Behold a Sower."

Young people of the church school who have been confirmed will remain in church for the entire service of Holy Communion. Children who have not been confirmed will leave the church at the singing of the sermon hymn to attend their classes in the parish house. Nursery age children will go directly to their class at 10 a. m.

After the late service, young people of the confirmation class will meet with the Rector in the church to receive instructions about the Order of Confirmation which will be administered by the Rt. Rev. Roger Blanchard, Bishop of the Episcopal Diocese of Southern Ohio, at 7 p. m. on Wednesday at St. Philip's Church.

First Methodist

Worship services will be held in First Methodist Church Sunday morning at 8:30 and 10:45 a. m. Sunday will be called Jack Hedges Day.

An offering will be received to purchase shares in the Hawaiian church that is being built under Jack's missionary supervision in Lihui, the port of entry to the island of Kauai in the Hawaiian group. The Rev. and Mrs. Jack Hedges are Methodist missionaries on the island of Kauai in out newest state.

They are the first English-speaking missionaries on the very beautiful island and serve the Caucasians, Filipinos, Japanese, Hawaiians and Koreans.

Jack is the son of Mr. and Mrs. Cliff Hedges, Route 2, who, with Mr. and Mrs. Boyd Stout visited

Hawaii last winter.

The Youth Choir will sing Stainer's "God So Loved the World" as the anthem for the 8:30 a. m. service. The Senior Choir will sing "The Holy Saviour" by Harris for the 10:45 a. m. service.

The Senior Hi Youth Fellowship will meet at 5:30 p. m. and the Junior Hi Fellowship 6:30 p. m. Sunday.

The December meeting of the Official Board will be held Tuesday evening at 8 p. m. The Trustees and the Commission on Finance meet at 7 p. m.

Trinity Lutheran

In Trinity Lutheran Church this second Sunday in Advent, Holy Communion will be celebrated at both the 8:30 and 10:45 a. m. services.

Pastor Carl G. Zehner will present the sermon, "Look Who's

Here!" based on Is. 6:1.

The Adult Choir, led by Fred Hebbeler, will lead the singing at the early service. At the late service, the Youth Choir, under the direction of Clifford Kerns, will sing an anthem.

Sunday School will follow the early service at 9:30 a. m. with classes for all ages.

The Nursery is open during the 10:45 a. m. service under the direction of Mrs. Clifford Kerns.

The following will be accepted into membership this Sunday by confirmation: Mr. and Mrs. Charles H. Williams, Miss Barbara Jean Diffendal, Miss Patricia Lou Downs and Mrs. Fred Hebbeler. Fred Hebbeler will be received by Letter of Transfer.

Mrs. Karl Herrmann will preside at the organ at both services. Services will be held at Christ Church, Lick Run at 2 p. m.

LIKE A MOUNTAIN NAMED FOR YOU?

Not one of these, certainly! They're here today, gone tomorrow. We'd gladly lend our names to a timeless peak like Everest — not to a heap of shifting sands rolling before the desert wind.

Of course, we have to identify ourselves with many a transitory idea and institution. We are busy most of our days just trying to keep up with this ever-changing world . . .

But our deeper self gropes for the Eternal!

God understands this yearning. He breathed it into our souls.

And God answers it: In Christ! In Scripture! In the voice of a neighbor inviting you and your family to Church.

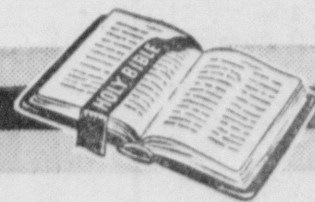

A voice crying in the wilderness . . . across the shifting sands . . . of the TRUTH and LIFE that are ETERNAL.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Make Church - Going a Habit

PC Council of Garden Clubs Holds Annual Tea, Ashville

Approximately 100 ladies attended the annual Pickaway County Council of Garden Clubs Guest-Day Tea held yesterday in the social room of the Ashville EUB Church.

The social room was decorated in keeping with the Christmas season. The event was sponsored by the seven council garden clubs which includes Ashville, Derby, Circleville, Monrovia and Solana.

Hostesses for the occasion were members of the Solana and Ashville Garden Clubs assisted by the council's officers.

Mrs. Donald H. Watt opened the session with the introduction of the garden clubs and the Rev. Carl E. Groff, who gave meditation.

She then introduced the guest speaker and demonstrator, Mrs. Edward R. Ray, Lancaster, Mrs. Ray chose as her topic, "Christmas Decorations".

Mrs. Ray is a state accredited flower show judge of the Ohio As-

sociation of Garden Clubs with a wide experience of judging.

Mrs. Ray is known as a person who can "make something from nothing". She showed her artistic skill in making decorations for the home using home grown plant materials and articles found around the home.

She showed many beautiful decorations using lamp bases, a pocketbook, cake racks, bottles, garden rake, flower pots and other unusual articles.

Mrs. Ray stressed warmth, depth and interest in her many articles on display, and closed her demonstration with a golden candle made from the base of a tree.

Following the program guests enjoyed a tea. Prize winners were Anna Gordon, Mrs. Bertha Proter, Mrs. Walter Witzel, Mrs. Harry Smith, Mrs. E. W. Reigel, Mrs. Glen Fausnaugh and Frances Decker.

Kappa Alpha Chapter Slates Christmas Party at Tinks

Mrs. Charles Curlett, Monticella Ave., entertained in her home members of the Kappa Alpha Chapter of Beta Sigma Phi Sorority Thursday evening.

Mrs. Charles Reid called the meeting to order with 18 members answering roll call. It was announced that articles for needy families for Christmas should be turned in to Mrs. Robert Russell by December 23 for distribution.

Mrs. Jack Alkire was named chairman of the publicity committee. Mrs. Thomas Shea, Mrs. Clayton Roth and Mrs. Charles Curlett, in charge of the program, used as their topic, "Conversation". Each member was asked to give a talk on "What Christmas Means to Me".

The annual Christmas Party will be held at 6:30 p. m. Tuesday, December 15 at Tinks Tavern. Reservations should be in by Wednesday.

Refreshments were served to Mrs. Reber Bell, Mrs. Olen Black, Mrs. Frank Boyer, Mrs. Clyde Cook Jr., Mrs. Walter Fisher, Mrs. George Hamrick and Miss Amy Miga.

Miss Mary McLaughlin, Mrs. Miles Reeder, Mrs. Reid, Mrs. Richard Robbins, Mrs. Howard Snook, Mrs. Orville West, Mrs. Robert Wilkinson and Mrs. Jack Alkire.

Pitch-In-Supper Staged by WSCS

A pitch-in-supper was enjoyed by 23 Salem Methodist Church WSCS members and their families Thursday evening in the church.

Mrs. Ira Barr, vice-president, was in charge of devotions. She opened the meeting with the group singing "Christmas Song", followed by meditation. Topic of her talk was "There's a Hush of Expectation".

Mrs. Donald Alcorn and Mrs. Barr presented a playlet on Mexico. Devotions closed with the group singing "Advent and Nativity" followed by prayer.

The business meeting was conducted by Mrs. Fairy Alkire. Members voted to give a donation for the Mothers Memorial.

An invitation was read inviting members to the Trinity Methodist Church, Chillicothe, for a covered-dish-dinner December 16.

It was reported that 17 sick calls were made during the past month. Mrs. Alkire won the flower fund gift.

Hostesses for the next meeting will be Mrs. Ira Barr, Mrs. Alva Dyer and Mrs. Marvin Konkle.

Child League Members Hear Talk on Hawaii

Members of the Child Culture League met Thursday evening in the home of Mrs. Paul Matz, E. Main St.

Mrs. Cliff Hedges and Mrs. Boyd Stout, who were recent visitors of Hawaii, presented a spiritual program telling the different religions most prominent in out 50th state.

The mode of present day dress was explained and each of the guest speakers wore long loose dresses of bright print which they had purchased in Hawaii and are generally worn on the islands today.

Slides were shown of the different churches and the methods of teaching religion. Christmas celebrations, funerals and weddings were explained. Most residents are of mixed blood but in some sections the people are pure Hawaiian. Flowers bloom profusely and are used along highways and streets much as hedge is used in the States.

After the business meeting, a gift exchange was enjoyed by the members and refreshments were served by the hostess and co-hostess, Mrs. Leo Morgan. The next meeting, January 7, will be held in the home of Mrs. Clark Martin, Cedar Heights Road.

Tarleton WSCS Holds Session

"There's a Hush of Expectation" was presented by Mrs. Earl Bowser for the devotional period of the Tarleton Methodist Church WSCS meeting Wednesday evening in the church.

The group sang "Angels from the Realm of Glory" and "Joy to the World". Mrs. Albert Spangler conducted the meeting.

Reports were made on the recent sale dinner, the tea and bazaar. Readings were given by Miss Ethel Reid, Mrs. Lloyd Spung and Mrs. Miss Eileen Reichelderfer was welcomed as a new member of the society. Mrs. W. E. Defenbaugh showed the various artists' conceptions of the nativity scene.

Members voted to give a contribution to the fund for the Rev. Jack Hedges Mission in Hawaii.

Following a gift exchange refreshments were served to 23 members and 12 guests.

The next meeting will be held January 6 with Mrs. Rancie Poling, Mrs. Earl Bowser, Miss Lois Bowser and Mrs. Alice Reichelderfer as hostesses.

Visitors Return To Ireland

Miss Agnes Gilchrist sailed for her home in Newtownards, Ireland, at 4 p. m. Thursday on the ship American.

Miss Gilchrist has been staying with her niece and family, Mr. and Mrs. Dale Lanman, Route 2, for the past 1 1/2 years.

She left here by train Wednesday evening and visited with Mr. and Mrs. Marvin Lanman, Newark, N. J.; before sailing Thursday.

James Ennis, brother of Mrs. Stanley McRoberts, Parkview Ave., also a local visitor sailed the same day on the ship American to his home in Newtownards, Ireland.

Jaycee Wives Set Tuesday Meeting

The Jaycee Wives Club will hold its meeting and gift exchange at 8 p. m. Tuesday in the home of Mrs. Donald Hill, Knollwood Village.

Junior Women's Club Stages Annual Christmas Dinner

Members of the Circleville Junior Women's Club entertained their husbands at a Christmas dinner meeting at Tink's Thursday.

Centerpieces for the dinner tables were filmy pale green net Christmas trees draped with tinsel and ornaments and adorned with an angel. The nut cups with angels and tiny ornaments carried out the decoration theme. Mrs. Richard Pettie and Mrs. Donald Vogel handled the decorations and the program.

Attending the dinner meeting were Mr. and Mrs. Maynard Slack, Mr. and Mrs. Richard Pettit, Mr. and Mrs. Harry Turner, Mr. and Mrs. Earl Weaver, Mr. and Mrs. Sterling Poling, Mr. and Mrs. Frank Wirth, Mr. and Mrs. Harold Whitmore, Mr. and Mrs. William Ford, Mr. and Mrs. Russell McGee, Mr. and Mrs. Gerald Harrill, Mr. and Mrs. Gordon Walters, Mr. and Mrs. William Speakman and Mr. and Mrs. Donald Vogel.

Mrs. Earl Weaver led the group in devotions preceding the dinner.

A short business meeting was conducted by Mr. William Speakman. Husbands of the members answered roll call by telling what he and his wife most enjoyed doing together.

Civic Club Holds Dinner

The Pickaway Country Club was the setting for the dinner for the Kingston Civic Club members and their husbands Tuesday.

A short meeting was conducted by Mrs. Kenneth Timmons. Members voted to support the Community Christmas Fund. Mrs. Ernest Kline was elected secretary to replace Mrs. John Ralston, who resigned.

Following the business session the remainder of the evening was spent with music, dancing and games.

Those present for the occasion were Mr. and Mrs. Eugene Crawford, Mr. and Mrs. William Russell, Mr. and Mrs. Jack Reisinger, Mr. and Mrs. Marvin Mitchell, Mr. and Mrs. Fred Likens and Mr. and Mrs. Kenneth Timmons.

Mrs. Marvin Marshall was accepted as a new member of the club.

Mrs. William Speakman stated that all raffie tickets and money should be turned in to Mrs. B. P. Cook by the 18th of December. Any member wishing additional raffie tickets should contact Mrs. Harry Turner. The profit derived from this project—as from the other projects undertaken by the club go into a fund to provide scholarships for high school graduates who wish to further their education in either the fields of teaching or nursing.

Following the business meeting the group enjoyed singing Christmas carols. Mrs. Earl Weaver led the caroling.

A Christmas exchange for the husbands provides much entertainment. Each member brought a small gift which was assigned a number. While dancing, each husband, when finding the girl who had the number which corresponded to his, obtained his gift.

Dancing ended the evening's program.

Dear Abby... By Abigail VanBuren

Time's A'wasting for Widow

DEAR ABBY: I have been widowed many years. I've had numerous chances to remarry but I will not go out with just anybody who rings me up.

There is one very desirable professional man (retired) who has been inviting me out consistently. I am interested in him and he seems to enjoy my company. But he has one annoying habit that puzzles me: He keeps looking at his watch all evening!

Do you think this means he is eager to get the evening over with? Should I remark on this annoying habit of his? I wish I could figure him out.

DEAR PUZZLED: Don't try to figure out what makes him tick, or you'll have lots of time on your hands.

DEAR ABBY: My mother and father have been married happily for 15 years, or at least I thought they were. My mother met a man recently. Every time I come home from school his car is in our driveway. She calls him on the telephone and he calls her when my father isn't home. Maybe it is only my imagination and maybe it isn't even any of my business, but do you think I should ask my mother what it is all about?

WORRIED
DEAR WORRIED: It is certainly your business. Ask your mother.

DEAR ABBY: My husband is very sensitive because he can't read very fast or very well. He was taught to read by sight, but when it comes to a new word, he can't sound it out. I've tried to help him, but I'm no teacher. He won't go to church because he's afraid he might be called upon to read aloud.

His boss told him that if he took some schooling at work (they have courses to teach the employees more about their work) his chances for promotion would be excellent. But he is ashamed to let anyone know how poorly

DEAR WIFE: There is no "shame" in not knowing. Only in refusing to learn. Find out if your Public School system offers adult education courses. Almost all communities have evening classes for adults who wish to learn elementary reading, writing and arithmetic.

ble 42.6 per cent average. Franklin Heights, troubled in finding the range, shot 56 times and made good on 13 for 23.2 per cent.

THE Tigers had 17 chances at the foul line and made 10 of them. The Falcons connected on 15 of 22 attempts.

Circleville's offense seemed to click most of the evening, although first game jitters caused some easy bunny shots to go astray. Coach Snouffer easily changed his defenses as the situation demanded and Shadley, Hannahs and Weiler did a lion's share of work under the boards.

Coach Jack Weikert's reserve Kittens dropped their game, 46-38, after making several strong efforts to move out in front in the closing minutes.

The Kittens scored 13 points in the final quarter but could not overcome their earlier deficit as the young Falcons hung on to tally 11 markers.

Center Cleson Thomas sparked the Kittens with 14 points, most of them coming on difficult shots from underneath. Freddie Moore added seven and Cal Ellis hit five. Bill Hankinson was high for the winners with 14.

The Tigers probably will get a stiffer test tonight when they open the home season with Athens. The reserve tilt is slated for 7 p.m. and the varsity encounter will follow at about 8 p.m. in the E. Mill St. gym.

Warriors Pull 53-49 Upset Over Deers
Salt Creek pulled the first 1959-60 Pickaway County basketball upset by handing Williamsport a 53-49 defeat last night.

The host Warriors jumped to a 13-8 first quarter lead and were never headed as the favored Deers couldn't get their attack in gear.

Led by Denny Valentine's 20 points, the Warriors surprised the Deers who previously held a 5-1 record.

The county scoring leader, David Myers with a 29.3 average, was held to 19 points by the stellar defensive play of 6' 1" Bob Hart.

CHARLIE SPANGLER followed with 16 points for the Warriors while Eddie Ater and Kenny Starkewy who tallied eight points apiece.

Salt Creek held a 28-22 lead at halftime and led 42-39 at the third quarter mark. The Warriors shot 37 1/2 per cent from the field and fired the same at the foul line.

This was the Warrior's first win of the 1959-60 campaign against three straight losses. Williamsport suffered its second defeat in eight outings.

The Deers grabbed the prelim, 32-30, in a contest that wasn't settled until the last five seconds.

Darby Repels Atlanta Rally To Record Second Victory

Favored Darby topped host Atlanta last night, 68-62, to even its record at 2-2, after a slow early season start.

The Trojans had more trouble than they expected as the scrapping Red Raiders made it a ball game until the final whistle.

The Trojans were up 10 points at the third period mark, 52-42, and repelled an Atlanta rally behind the tremendous scoring of Tommy Lift to pull their first Pickaway County League game out of the fire.

Lift grabbed scoring honors for the evening with a 26-point effort, followed by Atlanta's Ronnie Morris with 22 points.

Darby's other sensational guard, Tommy Walters connected on 10 field goals for 20 points. The Trojans were behind the initial half, 15-12 at the end of the first stanza and 26-24 at halftime.

Experienced guards Lift and Walters, were the turning point of the game, although Atlanta controlled the bankboards behind the stellar rebounding of Morris and Tommy Lift. Darby's 28-point third was led by Walters' 12 markers.

McCoy and Huffman played a commendable floor game for the Raiders. Atlanta fell to a 2-4 overall record.

The Red Raiders reserve squad started the evening off with a 43-25 win. Atlanta's junior varsity now holds a 3-3 season slate.

Walnut Trips Buffaloes in 66-42 Contest

Walnut rolled to its first victory of the season last night, downing Scioto, 66-42, in a contest on the Tiger floor.

The Tigers never trailed as Tom Harber led his teammates with 27 points and captured 15 rebounds. Both Boyd Boone and Bill Hoover played fine floor games to boost Walnut in a five-team tie for first place in the Pickaway County League.

The Buffaloes, rebuilding after losing an entire first team last year, lost their star guard, Roy Sanders, early in the contest due to fouls.

Dick Kaiser was top man for Scioto with 14 points. The Buffaloes biggest trouble was turnovers. They shot 50 per cent from the foul line.

THE TIGERS hit 24 of 52 from the field for a 46 per cent average. Of 29 attempts at the free throw line, Walnut notched 18 for 62 per cent.

It was Walnut's first win in two starts and Scioto's second straight loss. Scioto nipped the Tigers in the reserve encounter, 45-43, in an overtime. Ronnie Tussing led Walnut with 14 and Ball was high for Scioto with 13.

Centralia Hands Kingston Second Loss

In a Ross County League opener last night, host Centralia surprised arch rival, Kingston, 51-50.

The Bulldogs tallied the deciding points in the third period as they outscored Kingston, 18-13, after trailing 28-27 at intermission.

Both teams traded leads during the final quarter. The Redskins held a 48-47 lead with three minutes remaining when Don Ault and Tom Haynes hit four straight free throw offerings to give the Bulldog a 51-48 margin.

Kingston came within one point of knotting the ball game, but lost the ball twice in the last minute due to turnovers. It was the Redskins' second loss in six outings.

CENTRALIA was led by Captain Sonny Harrison with 21 points. He tied Kingston's Bill Carmean for scoring honors.

The Redskins were definitely hurt at the foul line where they netted six of 12 attempts for 50 per cent, while Centralia dropped 11 of 23 for 47 per cent.

The Bulldogs shot their slate to 2-2 behind Harrison's fine floor game and Gary McNeal's back court support.

The Bulldogs made it a twin victory with a 37-21 reserve win in the opener.

Stoutsville Raps Rushville; Cole Gets 23

Stoutsville opened its 1959-60 Fairfield County League season last night with a triumphant 70-44 win over invading Rushville.

The experienced Indians shot 53.9 per cent from the floor, compared to Rushville's 30 per cent to waltz to victory No. 4 without a loss.

Hot from the floor, the Indians were just as cold from the foul lane as they missed 13 of 15 attempts for a 13.3 percentage. The Rushville Cardinals hit 47.1 per cent.

Each team had 13 personal fouls. Jimmy Cole played his best of the young season by garnering 23 points on jump shots from the key. Bobby Sells followed with 18 markers from the side.

TOM AZBELL led the Cardinals with 22 points from around the foul lane. The Indians concentrated on feeding Cole who aided Stoutsville in grabbing 34 rebounds compared to Rushville's 20.

The Cardinals used a 2-1-2 defense while Stoutsville countered with a man-to-man. It was Rushville's third defeat against two wins.

The Stoutsville reserves chalked win No. 3 against one setback as they downed the invaders, 36-35, in a thriller.

Eighth Grade Wins Cage Tilt

Circleville's 8th grade cage team trimmed Pickaway Twp. junior high, 34-29, here Thursday night.

Circleville grabbed a 12-9 first quarter lead, but Pickaway came back to knot the count at 17-17 at halftime. The visitors pushed ahead, 24-33, at the three-quarter mark.

The locals then iced the game in the fourth canto by scoring points and allowing Pickaway five.

Dave Dennis was top man for Circleville on the strength of five buckets and two foul throws for 12 points. Dave Bass hit for nine and Tom Smith and Bob Purcell and six each.

Jim Hicks was high for Pickaway with 10 points. Arnie Gabriel and Ramsey had seven each.

All-Ohio Teams For Small Schools Show Top Talent

COLUMBUS, Ohio (AP) — The top talent from Ohio's 291 smaller high schools today won spots on The Associated Press 1959 Class A all-Ohio grid team.

Picked by sports writers, officials and coaches, the squad is crammed with great runners, passers, blockers, pass catchers and tacklers. Probably any of the stars could make any Class AA team in the state — and most of them will go on to make their mark on the collegiate gridirons.

With Columbus Rosary's Jim Long at quarterback, the ball-toting corps is really something. Fullback Gary Crum of Cardington scored 213 points, halfback Bob Patin of Dennison St. Mary came up with 206, and halfback Bill Heinsman of Fostoria St. Wendelin counted 29 touchdowns. Long ran for two scores, passed for 15, and completed his second year at the Rosary helm without tasting defeat.

At the ends are Jim Presley of Brilliant, probably the state's finest pass-catcher in either class, and Dick Homlar of Maumee Valley. The rangy tackles are Gary Burton of Clark County Southeastern and Jim Dovich of Lowellville.

Henry Boyd of Smithfield, who intercepted five passes and recovered eight fumbles on defense, grabbed an offensive guard spot alongside Dick Davis of Fredericktown, normally a tackle. The center spot went to Bob German, the rugged six-footer from unbeaten Rutland.

Stu Nibek of Fostoria St. Wendelin, a 183-pounder, was named the state's best Class A lineman. The defensive stalwart moved in at end on the first squad. The "best back" award was shared by Crum, offensive fullback, and Berne Union's Sherm Van Meter, who settled for a linebacker berth on the first team.

The Class A selections:

First Team Offense
Ends: Jim Presley, Brilliant; Dick Homlar, Maumee Valley.

Tackles: Gary Burton, Southeastern (Clark); Jim Dovich, Lowellville.

Guards: Dick Davis, Fredericktown; Henry Boyd, Smithfield.

Halfbacks: Clark Spade, Mogadore; Jim Knox, Bremen.

Safety: Jerry Young, Green Springs.

Pirates Dump Jackson Unit

Pickaway utilized a pressing game last night to bump host Jackson, 46-41, in a Pickaway County League battle.

The Pirates got off to a 12-3 first period lead and valiently defended their small margin for the remainder of the contest.

Pickaway picked up its first win of the season after absorbing two defeats. The Wildcats lost their second in a row to post a record of 2-3.

Ralph England found his scoring eye for 17 points. England along with Tom Jacobs and Norman Wilson controlled the backboards.

The Eitel brothers led Jackson's offense with Larry scoring 16 and Robert, 12 points. The Pirates won the reserve game, 31-23, for their second win against one loss. The Wildcat reserve squad has yet to win a game.

Pickaway — England 8-1-17; Jacobs 2-0-6; Haddock 0-1-1; N. Wilson 4-1-9; Gose 2-2-6; Laveck 1-0-2; Harral 1-3-5; Jackson — L. Eitel 5-6-18; Guseman 1-0-2; R. Eitel 4-4-12; Thompson 0-2-2; Martindale, M. 4-1-9; totals 14-13-41.

Kentucky Wildcat Cagers Win Narrowly over UCLA

By THE ASSOCIATED PRESS
Baron Adolph Rupp heaved a sigh of relief today after his Kentucky Wildcats escaped with a narrow victory over UCLA on a weekend visit to the West Coast.

The Wildcats, expected to be one of college basketball's powers this season, nipped the spirited Bruins 68-66 Friday night on some clutch shooting by Sid Cohen.

In other games, California, the defending NCAA champion and West Virginia, the team the Bears defeated 71-70 in the finals of the tournament, posted impressive victories.

California overpowered California's Santa Barbara branch 59-47 behind husky Bill McClintock and 6-10 Darrell Imhoff. The triumph was the Bears' 17th straight.

Hanover Colts Voted as Top 2-Year-Olds

COLUMBUS — Bullet Hanover, fastest 2-year-old pacer of all time, and Blaze Hanover, a trotter who earned more purse money in one season than any other 2-year-old harness horse in history, have won divisional honors in the annual nationwide vote of harness scribes conducted by the U. S. Trotting Association.

In becoming "Two-Year-Old Pacer of the Year," Bullet Hanover received 74 first place ballots with Countess Adios the closest contender at nine. Jan Hanover and Muncy Hanover collected one each.

Blaze Hanover's march to the "Two-Year-Old Trotter of the Year" laurels was almost as decisive. Owned by S. A. Camp Farms of Shafter, Calif., Blaze Hanover was named on top by 66 experts with Carlene Hanover collecting 12 votes for second. Uncle Sam was third with eight.

Owned by L. B. Sheppard of Hanover, Pa., and T. W. Murphy of New York City, Bullet Hanover was timed in 1:57 at Indianapolis while winning the \$50,000 Fox Stake. This was a full second under the previous world mark for 2-year-old pacers.

Blaze Hanover, looming as the winter book choice for the 1960 Hambletonian Classic, earned \$14,192 during the past season — almost \$50,000 more than any 2-year-old trotter ever had collected.

Bullet Hanover was trained by Johnny Simpson while Joe O'Brien handled Blaze Hanover.

Frick Faces Big Decision In AL Fuss

MIAMI BEACH, Fla. (AP) — Baseball Commissioner Ford Frick may face the toughest decision of his career during the next four days.

Frick will have to decide whether to take action on his own if the American League ignores his suggestion to take a definite stand on expansion at Monday's meeting.

"I'll play it by ear," said Frick today. "How can I comment until I know what action will be taken at the meetings?"

It was learned that the American will announce merely that it plans to explore further the possibility of expansion on the recommendation of its three-man fact-finding committee.

The five-team Continental League, which has scheduled a meeting here Tuesday, undoubtedly will have some acid comment to make if the American ducks a positive answer. A Continental League franchise holder who asked not to be identified said as much.

"If the American League does make such an announcement it will prove once and for all it is determined to sabotage our efforts to become a third major league," said the spokesman. "They merely are trying to keep us hanging on the ropes. The commissioner has asked the American and National leagues to put up or shut up on the subject of expansion. They had better listen to him or they'll be in for a lot of trouble. If they don't, it is up to the commissioner to order them to do so."

Dutra Holds Edge In Senior Open

PALM SPRINGS, Calif. (AP) — Olin Dutra, one of the few golfers to win both the National Open and the PGA championship, is leading by one stroke in the \$20,000 Senior Open Golf Tournament.

The Rialto, Calif., golfer played flawlessly for 17 holes Friday, carding a 34-34-68 to give him a 36-hole total of 139. Of the first 17, Dutra birdied five holes and hit par on the remainder. The 58-year-old golfer bogeyed the par 5 18th hole.

Defending champion Willie Goggin of San Jose, Calif., fired a 74 to fall one stroke behind Dutra at 140.

All-America Jerry West and Lee Patrone spearheaded West Virginia to an 88-76 decision over The Citadel. The success stretched the Mountaineers Southern Conference winning streak to 51 games.

Cohen, a back court general of Brooklyn, took charge in the last 90 seconds to pull out the Kentucky squeaker. With the score tied 64-64, the 6-1 senior scored on a three-point play to sew it up.

California controlled the backboards against the undermanned Santa Barbara team, while hitting on 45.6 of its field goal attempts. McClintock, a 6-4, 220-pounder scored 14 points and snared 12 rebounds. Imhoff chipped in with 11 points and nine rebounds.

West Virginia opened up a 46-34 halftime bulge over The Citadel and never was headed. Patrone garnered scoring laurels with 23 points and West added 21.

Oklahoma City University downed Texas Christian 69-64, Baylor edged Oklahoma State 53-50, Missouri turned back Arkansas 75-71, Creighton defeated the Air Force Academy 56-49, Texas A&M whipped Trinity 86-47, Brigham Young nipped Washington 54-52 and Villanova romped over Scranton 110-68.

Also, Loyola of Chicago topped Western Ontario 84-60, Santa Clara edged Southern California 64-61, Washington State rolled over Montana 84-60, Montana State tripped Wyoming 69-59, LSU downed Louisiana College 73-68, Oregon outclassed Fresno State 62-48, Utah State upended Portland 74-67, Alabama thumped Spring Hill 84-55, Arizona State University licked Kent State 79-70 Chattanooga beat Washington & Lee 71-60 and Colorado defeated Colorado State University 66-55.

Mr. Huff Set For Mr. Brown

Footballers To Meet In Browns-Giants Tilt

By THE ASSOCIATED PRESS
Sam Huff came into the National Football League in 1956, one year before Jimmy Brown. Sam's been waiting for the big Cleveland fullback ever since.

Linebacker Huff will be at Yankee Stadium Sunday, watching and waiting for Brown to come storming into the New York Giants' line. And on this personal test between the league's leading ground gainer and its most respected middle linebacker rides the championship of the Eastern Conference.

The Giants are five-point favorites to defeat the Browns and gain the NFL championship round Dec. 27 against the Western winner.

The defending league champs, the Baltimore Colts, were at San Francisco Saturday in a showdown for first in the Western Conference. The Colts and 49ers both had 7-3 records with two games to play.

The Chicago Bears (6-4) can attain the season's longest winning streak by whipping visiting Pittsburgh (5-4-1) Sunday. But the sizzling Steelers recently clipped the Giants' and Browns' five-game streaks and could do the same to the Bears who are still eyeing the Western crown. Chicago is a seven-point favorite to make it six straight.

Philadelphia, tied for second in the East with Cleveland at 6-4, is a three-point favorite at Washington over the Redskins (3-7).

Los Angeles (2-8) can count one bright spot in a dismal season. The Rams knocked off Green Bay (5-5) at a time when the Packers were the league's only unbeaten club. The Rams, who have dropped six straight since that 45-6 romp over the Packers, are conservative six-point favorites at Los Angeles this time.

In another meaningless meeting, the Detroit Lions (2-7-1) are four-point home favorites over the Chicago Cardinals (2-8).

Strang, Ankney To Coach Stars

COLUMBUS, Ohio (AP) — Leo Strang of Massillon's state champions and Pete Ankney of Kettering Fairmont's third place club will coach the competing teams Aug. 13 in the North-South A-Star High School Football Game at Canton.

The selections were made Friday night by the Ohio High School Football Game at meeting which lasted until the wee hours.

Strang, who led the terrific Tigers through a 10-victory campaign, was an easy victor to boss the Yankee 25-man squad. Ankney won by 11 votes over Bob Lewis of Wyoming's unbeaten team, and Lowell Storm of Springfield's second-place Wildcats was third, six votes back of Lewis.

Garney Henley of Huron College scored 141 points during the 1959 football season. In four years at the South Dakota school he tallied 394 points.

How Weather Looks Today

COLUMBUS, Ohio (AP)—Official weather bureau summary of Ohio's weather outlook:

Ohio skies were overcast this morning and rain had begun in the Northwest counties. Temperatures were mostly in the 40s, considerably warmer than Thursday night. Cleveland reported an early morning temperature of 44 and Toledo, Cincinnati and Columbus 41. Chesapeake was coolest with 35.

A cold front and low pressure area is forecast to move eastward through the state today. Winds will shift to northwesterly by evening and temperatures will be lower on Sunday.

Rain will move slowly across the state, continuing in the eastern counties on Sunday morning. By Monday morning temperatures will be in the 20s.

Snow flurries are expected near Lake Erie tonight and Sunday.

Use of Missiles in TV Ads Irks Air Force

CAPE CANAVERAL, Fla. (AP)—Missiles launched from the Air Force Missile Test Center are still flying — on television. The Air Force says it doesn't like it but what can it do?

"We don't favor the utilization of stock films in advertising which has nothing to do with the Air Force or national defense," an Air Force spokesman said today.

"However," he said, "it would be difficult and costly for us to monitor all network and local programs in an effort to stop this practice."

There are indications that cave-dwelling Indians lived in Utah as long ago as 1500 B. C.

Local School Levies Among Few To Fail in November

The Logan Elm School District's levies were two of the 7.1 per cent that failed in Ohio at the November 3 off-year general election.

In all, there were 649 levies submitted to Ohio voters with 92.9 per cent of them passing. Logan Elm's 2-mill renewal and 2-mill new levies for current operating expenses for five years and 2½-mill levy for one year for movable equipment both were defeated.

Although they lost, many Logan Elm residents have faith that both will pass at Tuesday's special election. Again today, school officials and citizens' committees ask voters to approve the levies Tuesday.

Recently, the forward-looking people of the Logan Elm community joined together and voted the funds for a new high school building and an addition to the Washington elementary school.

THIS WAS THE first move of its kind in Pickaway County. "This shows progress and will provide an educational system second to none in central Ohio," officials said. "The lives of children will be enriched by attending better schools," they continued.

In the process of planning the new buildings the architects and board of education underestimated the amount of the minimum bids by about five per cent, or \$46,000. This amount of money is needed to equip the new high school.

To provide the funds for this equipment voters are asked to vote for a 2½-mill levy for one year only. There are sufficient funds to complete the new building.

"Any person who has done any building recently will be quick to realize that the planning committee did an excellent job in estimating total costs within 5 per cent of actual costs. Building costs are changing very rapidly at the present time," officials stated.

Voters also are being asked to vote for a renewal operating levy of 2 mills which they are paying at the present time and a new 2-mill operating levy to cover the in-the-schools.

The price residents pay for school materials and services are increasing each year. Many realize that all expenses are increasing. "However, the money that is spent on these local school taxes will be spent on district children and will not go to the state or the national levels for distribution. We receive more in return from these local taxes than from any other kind we pay," Carl Smith, Pickaway Twp. resident said today.

"IT IS IMPERATIVE that our two operating levies pass so that schools can have sufficient funds to begin a new school term in September, 1960. These levies will provide \$110,000.00 during the 1960 calendar year for school operation. "It would be impossible for the

board of education to borrow this amount of money, therefore, schools could not open in September, 1960 if the operating levies are not approved. This problem is very acute and serious in nature," Smith said.

"There will be a special election held Tuesday to give each parent and each school patron an opportunity to vote for these levies after he has had time to consider the importance of these issues.

"Before voting, ask yourself this question, 'What is needed more than good schools and proper education for our children?' "Then vote Yes for the operating levy and the equipment levy. Remember, the equipment levy of 2½ mills is for one year only," he concluded.

Dr. W. Hoffman Is President of Medical Society

Dr. Zeph Hallenback, from Ohio State University, Columbus, was guest speaker last evening at the Pickaway Medical Society meeting held at Tink's Tavern.

Dr. Hallenback chose for his topic, "Causes and Treatment of Obstetrical Hemorrhages."

Following his talk, election of the 1960 officers was held with Dr. Warren Hoffman named president. Other officers elected were Dr. R. G. Smith, president - elect; Dr. J. M. Hedges, delegate; Dr. E. L. Montgomery, alternate delegate; and Dr. Montgomery, secretary-treasurer.

The Board of Censors of the society is composed of retiring presidents. They are Dr. H. H. Swope, three year term; Dr. Frank Moore, two year term; and Dr. Ray Carroll, one year term.

Federal Trade Agency Raps 9 Firms in Probe of Payola

WASHINGTON (AP)—The public has been fooled and competition has been suppressed by nine companies that slipped payola to disc jockeys, the Federal Trade Commission charges.

In return for payola, the FTC said Friday, the radio and TV disc jockeys gave the firms' re-playing the same records as often as six to ten times a day.

Because these payments were concealed, the FTC said, the public was deceived into thinking that the records involved actually were among the most popular ones.

A spokesman for the Edward S. Barsky Co., a Philadelphia record distributing firm, one of the nine named by the FTC, made

Santa Claus will be at the A & H Dollar Store, 140 W. Main St., from 6 until 9 p. m. Monday, store officials said today.

"There will be free gifts for all children," manager Herman Geller announced.

Mr. and Mrs. Robert Wood and Mr. and Mrs. Emmitt Wood of the local Wood Implement Co., Edison Ave., have qualified to attend the J. I. Case Company's 1960 World Premiere to be held at the fabulous Americana Hotel in Bal Harbour, Florida.

They will join some 7,000 Case dealers and their wives from the U. S., Canada and 15 foreign countries who have won either a Case Eagle of 52 M sales award. These awards for top sales performance qualify the dealers to participate in Case's their, and biggest, national sales and business conference. Again, a glamorous tropical spot has been chosen for the locale.

Nationalists See Red Strike Coming

TAIPEI, Formosa (AP) — A "ranking officer" in the Matsu group of islands was quoted today as saying there are mounting indications that the Chinese Communists might launch a full-scale attack at any moment on the Nationalist-held islands at the northern end of the Formosa Strait.

The Nationalist officer, whose name was not given, was quoted in a report from the islands by the official Central News Agency.

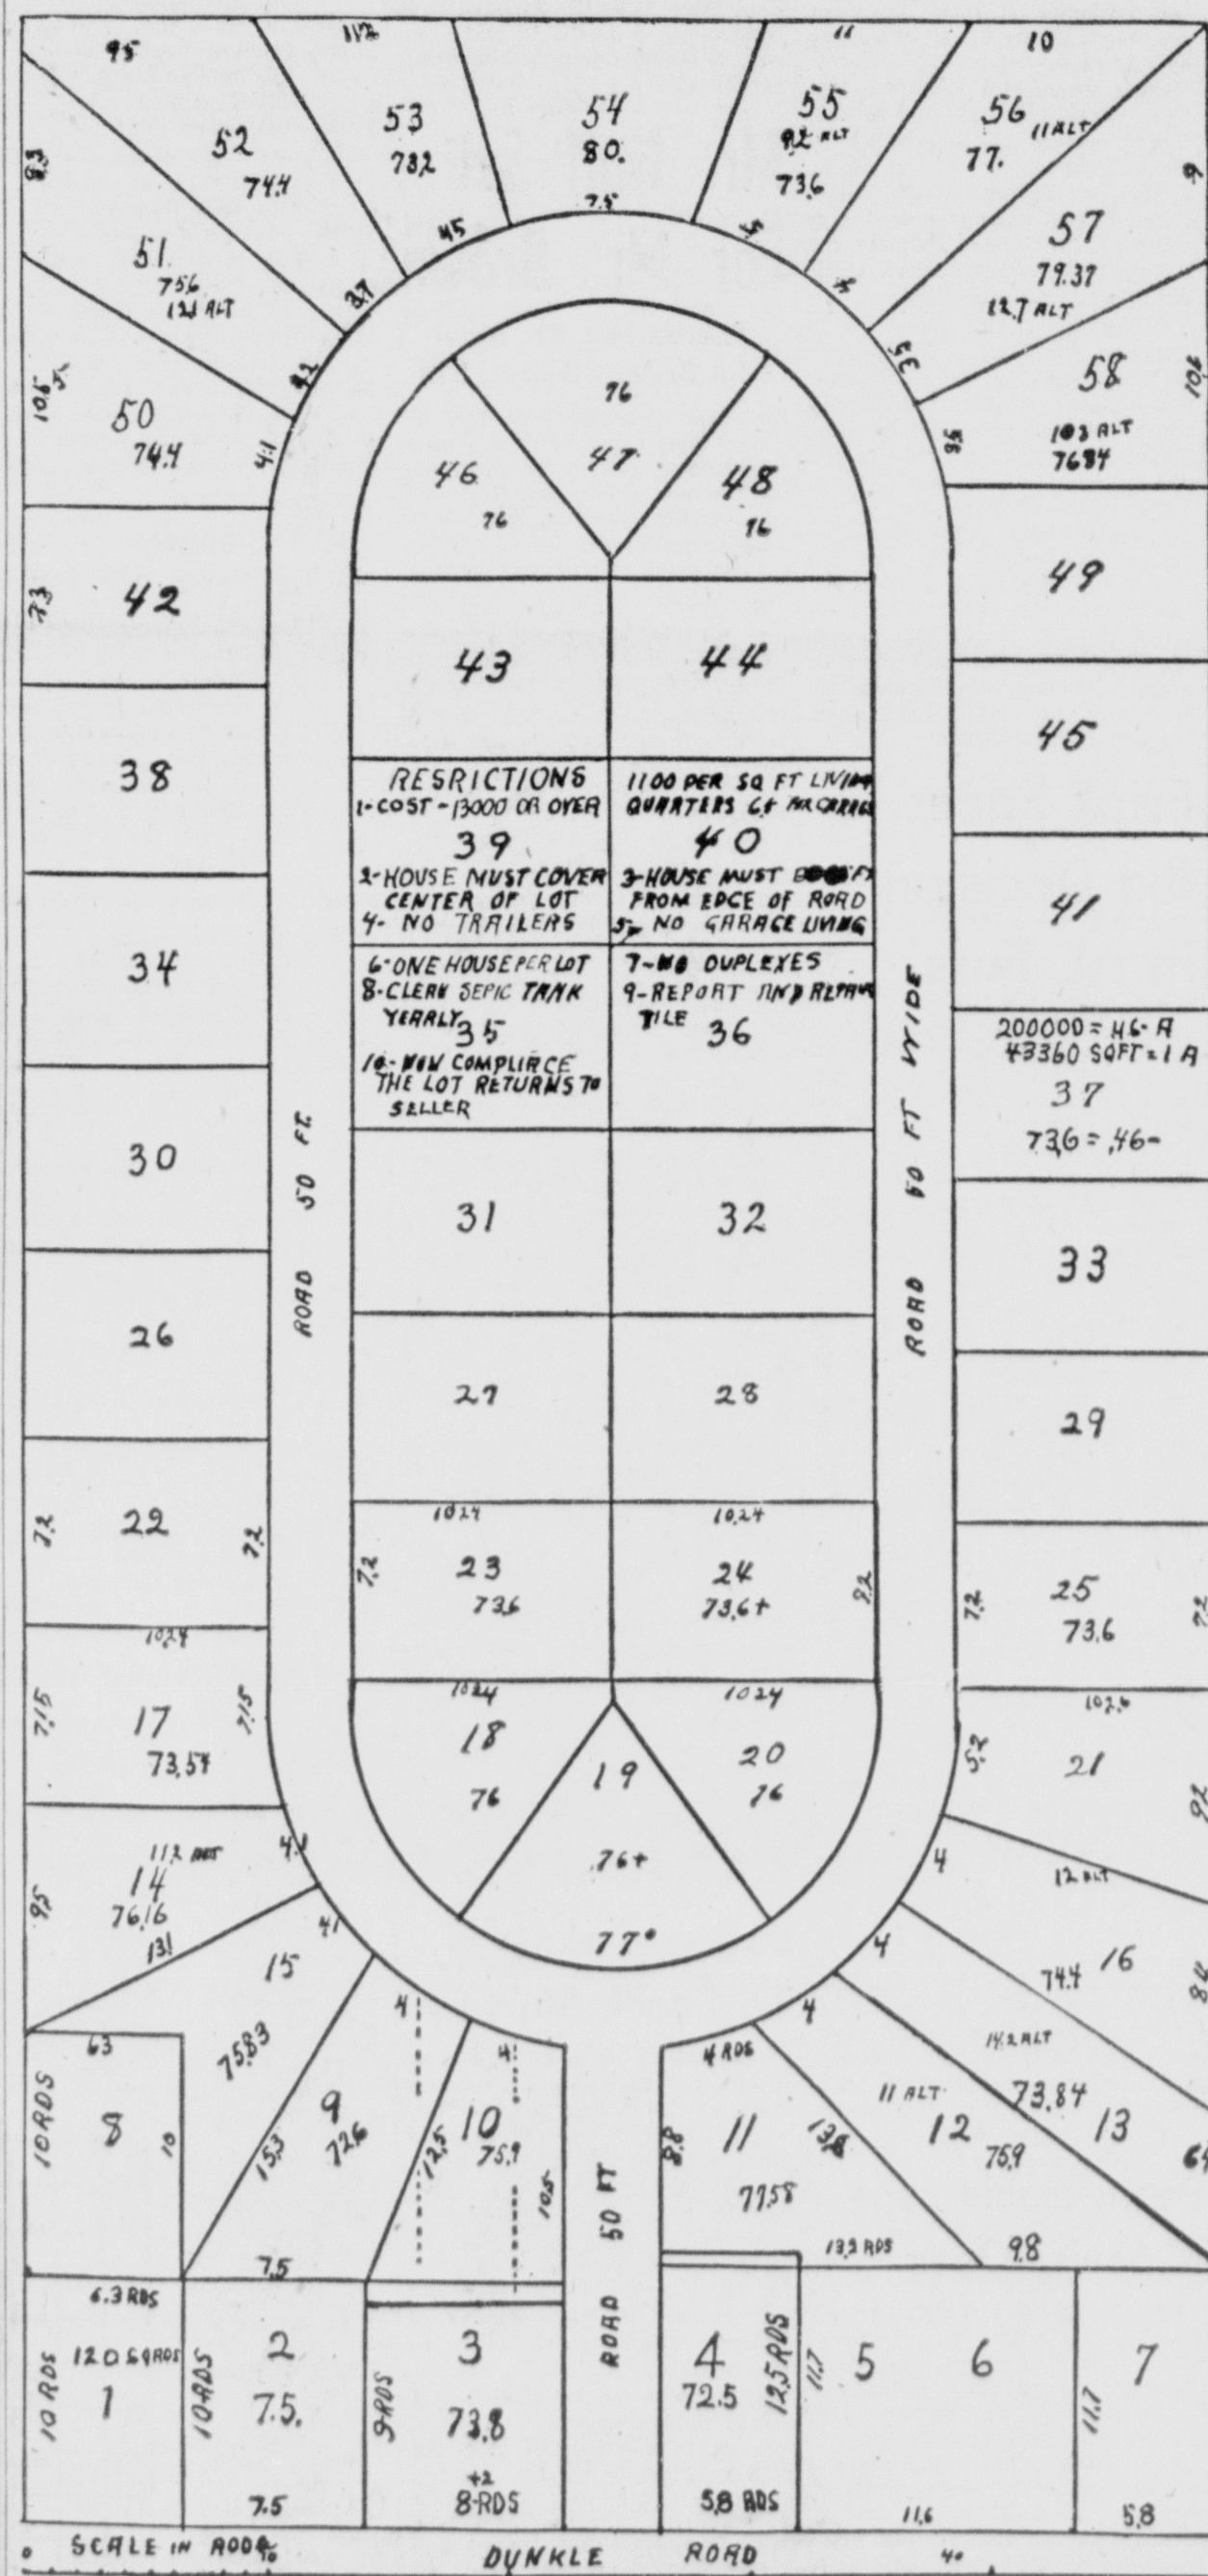

The Nationalist report conflicted with one made Thursday by the commander of the U.S. 7th Fleet, Vice Adm. Frederick N. Kivette, whose forces guard the Formosa strait. He said the Red buildup on the mainland coast opposite Formosa has leveled off.

There are at least 10 cities on the Chinese mainland with population of more than a million.
